*The Post-colonial Studies Reader* Bill Ashcroft, Gareth Griffiths, Helen Tiffin, 1995 The Post Colonial Studies Reader is the most comprehensive selection of key texts in post colonial theory and criticism yet compiled This collection covers a huge range of topics featuring nearly ninety of the discipline's most widely read works The Reader's 90 extracts are designed to introduce the major issues and debates in the field of post colonial literary studies This field itself however has become so varied that no collection of readings could encompass every voice which is now giving itself the name post colonial The editors in order to avoid a volume which is simply a critical canon have selected works representing arguments with which they do not necessarily agree but rather which above all stimulate discussion thought and further exploration Post colonial theory has occurred in all societies into which the imperial force of Europe has intruded though not always in the official form of theoretical text Like the description of any other field the term has come to mean many things but this volume hinges on one incontestable phenomenon the historical fact of colonialism and the palpable consequences to which this phenomenon gave rise The topic involves talk about experience of various kinds migration slavery suppression resistance representation difference race gender place and reaction to the European influence and about the fundamental experiences of speaking and writing by which all these come into being In compiling this reader the editors have sought to stimulate people to ask How might a genuinely post colonial literary enterprise proceed The fourteen sections include Issues and Debates Universality and Difference Textual Representation and Resistance Postmodernism and Post Colonialism Nationalism Hybridity Ethnicity and Indigeneity Feminism and Post Colonialism Language The Body and Performance History Place Education and Production and Consumption Contributors include many of the leading post colonial theorists and critics such as Franz Fanon Chinua Achebe Gayatri Chakravorty Spivak Ngũgĩ wa Thiong'o Homi Bhabha Derek Walcott Edward Said and Trinh T Minh-ha in addition to a number of the discourse's newer voices The Post Colonial Studies Reader will prove an authoritative compilation representing an invaluable contribution to the study of post colonial theory and criticism

very idea of the postcolonial itself      *Postcolonial Discourses* Gregory Castle, 2001-02-08 Emphasising the increasingly regional or national approach to the legacies of colonialism this Reader provides an entirely new way for students to engage with an important and complex area of discourse      **Colonial Discourse, Postcolonial Theory** Francis Barker, Peter Hulme, Margaret Iversen, 1994 This book on post colonial theory has a wide geographic range and a breadth of historical perspectives Central to the book is a critique of the very idea of the postcolonial itself      Rereading the Imperial Romance Laura Chrisman, 2000 This book examines literary romance as a vehicle for the ideological contradictions of British imperialism in South Africa Chrisman draws upon postcolonial theory and cultural materialism to discuss the imperialist Rider Haggard's fictional accounts of mining in King Solomon's Mines and Zulu history in *Nada the Lily* examining these novels as fraught responses to the introduction of capitalist modernity She goes on to analyse the counter narratives of metropolitan and African resistance of feminist Olive Schreiner and black nationalist Sol Plaatje Exploring Schreiner's much neglected *Trooper Peter Halket of Mashonaland* Chrisman situates this book in relation to the violent creation of Rhodesia the 1896-7 Shona uprisings and contemporary criticism of Cecil Rhodes In doing so she shows how Schreiner's is a much more challenging example of anti imperialist fiction than Conrad's *Heart of Darkness* published two years later Chrisman's discussion of Plaatje's *Mhudi* the first black African novel in English considers the book as a direct response to Haggard's imperialism and Schreiner's feminist theory Locating the book through the politics and epistemology of the early ANC she reveals how Plaatje challenges Haggard's misogyny and fatalistic historiography *Mhudi* she argues is a novel whose nationalist and sexual politics are considerably more complex than has been recognized Plaatje uses his narrative form to articulate both radical and liberal alternatives to white South African rule Chrisman's book demonstrates how South Africa played an important if now overlooked role in British imperial culture and shows the impact of capitalism itself in the making of racial gender and national identities This book makes an original contribution to studies of Victorian literature of empire South African literary history African studies black nationalism and the literature of resistance      Feminist Postcolonial Theory Reina Lewis, Sara Mills, 2003-07-29 Feminism and postcolonialism are allies and the impressive selection of writings brought together in this volume demonstrate how fruitful that alliance can be Reina Lewis and Sara Mills have assembled a brilliant selection of thinkers organizing them into six categories Gendering Colonialism and Postcolonialism Radicalizing Feminism Rethink      **Postcolonialism** Ato Quayson, 2000-01-04 This important new book provides a critical introduction to the rapidly expanding field of postcolonial studies      **Postcolonialism** Robert J. C. Young, 2016-10-12 This seminal work now available in a 15th anniversary edition with a new preface is a thorough introduction to the historical and theoretical origins of postcolonial theory Provides a clearly written and wide ranging account of postcolonialism empire imperialism and colonialism written by one of the leading scholars on the topic Details the history of anti colonial movements and their leaders around the world from Europe and Latin America to Africa and Asia Analyzes the ways in which freedom struggles

*Contemporary Postcolonial Theory* Padmini Mongia, 2021-01-07 There is a crisis in contemporary postcolonial theory while an enormous body of challenging research has been produced under its auspices severely critical questions about the validity and usefulness of this theory have also been raised This Reader is positioned at the juncture where it can address these contestations It makes available some of the classics of the field engages with the issues raised by contemporary practitioners but also offers several of the arguments that strongly critique postcolonial theory Although postcolonial theory purports to be inter disciplinary and frequently anti foundationalist traces of disciplinary formations and linearity have continued to haunt its articulations This Reader on the other hand offers a uniquely inter disciplinary mapping It is concerned with three main areas definitional problems and contests including the current challenges to postcolonial theory the disciplining of knowledge where the multiple resonances of the word disciplining are all engaged and the location of practice where the relations between intellectual practice and historical conditions are explored Finally since the guiding principle of this Reader is simultaneous attention to the enabling and constraining mechanisms of historical realities and institutional practices the commentary problematizes the writing of histories the formations of canons and indeed the production of Readers

*The Imperial History Wars* Dane Kennedy, 2018-01-11 The history of the British Empire a subject that had slipped into obscurity when the empire came to an end has since made a stunning comeback generating a series of heated debates about the causes character and consequences of empire In this volume Dane Kennedy offers a wide ranging assessment of the main schools of thought that have transformed the way we view the British Empire and the world it helped to create Navigating a clear course through these intellectual waters requires an awareness of their shifting currents and a commitment to tracking their changing character over time Dane Kennedy has contributed to the imperial history wars for more than thirty years and in this volume he brings his most important writings along with brand new material together for the first time to provide a sweeping overview of the subject and the debates that have shaped it The Imperial History Wars is essential reading for any student or scholar of the British Empire

*The Rose and the Lotus* Stefano Mercanti, 2009-01-01 Raja Rao one of the founding figures of Indian English literature is re examined in this comprehensive study of his fiction which offers a fresh critical investigation into both his short stories and his novels Powerfully contradicting the long held perception of Raja Rao as a mere metaphysical writer and the true bard of quintessential Indianness projected by many critics of the first Commonwealth generation over three decades Stefano Mercanti posits Rao s fiction in terms of its dialogic interaction the partnership between Western and Eastern cultural traditions and demonstrates how it evolves during the course of his oeuvre on both the philosophical and the political level The title The Rose and the Lotus signals the discursive terrain for a multicultural and interwoven evolution among different cultures and points to the need for valuing relations of

reciprocity rather than those of domination Far from conveying univocal configurations and nationalistic stereotypes Rao's idea of India is seen as the epicentre of many echoes and dynamic resonances both Western and Eastern through which a distinct blend of Indian and European influences is more clearly unravelled In this new critical re appraisal Mercanti draws on non binary and inter multi disciplinary paradigms thus signalling the complex transformations and multiple negotiations of a polyglot India caught between the cultural twilight of the modern and the traditional The study also offers an invaluable linguistic analysis of Rao's experiment with the English language supplemented by a detailed glossary
