Colonial Fantasies Conquest Family And Nation In Precolonial Germany 1770 187:

German Colonialism in Africa and its Legacies Itohan Osayimwese, 2023-02-23 Germany developed a large colonial empire over the last thirty years of the 19th century spanning regions of the west coast of Africa to its east coast and beyond Largely forgotten for many years recent intense debates about Africa's cultural heritage in European museums have brought this period of African and German history back into the spotlight *German Colonialism in Africa and its Legacies* brings much needed context to these debates exploring perspectives on the architecture art urbanism and visual culture of German colonialism in Africa and its legacies in postcolonial and present day Namibia Cameroon and Germany The first in depth exploration of the designed and visual aspects of German colonialism the book presents a series of essays combining formal analyses of painting photography performance art buildings and space with the discourse analysis approach associated with postcolonial theory Covering the entire period from the build up to colonialism in the early 19th century to the present subjects covered range from late 19th century German colonial paintings of African landscapes and people to German land appropriation through planning and architectural mechanisms and from indigenous African responses to colonial architecture to explorations of the legacies of German colonialism by contemporary artists today This powerful and revealing collection of essays will encourage new research on this under explored topic and demonstrate the importance of historical research to the present especially with regards to ongoing debates about the presence of material legacies of colonialism in Western culture museum collections and immigration policies [The Contest for Aboriginal Souls](#) Regina

Ganter, 2018-05-29 This book covers the missionary activity in Australia conducted by non English speaking missionaries from Catholic and Protestant mission societies from its beginnings to the end of the mission era It looks through the eyes of the missionaries and their helpers as well as incorporating Indigenous perspectives and offering a balanced assessment of missionary endeavour in Australia attuned to the controversies that surround mission history It means neither to condemn nor praise but rather to understand the various responses of Indigenous communities the intentions of missionaries the agendas of the mission societies and the many tensions besetting the mission endeavour It explores a common commitment to the supernatural and the role of intermediaries like local diplomats and evangelists from the Pacific Islands and Philippines and emphasises the strong role played by non English speakers in the transcultural Australian mission effort This book is a companion to the website *German Missionaries in Australia* A web directory of intercultural encounters The web directory provides detailed accounts of Australian missions staffed with German speakers The book reads laterally across the different missions and produces a completely different type of knowledge about missions The book and its accompanying website are based on a decade of research ranging across mission archives with foreign language sources that have not previously been accessed for a historiography of Australian missions A remarkable intellectual achievement compelling reading Dr Niel Gunson The range of knowledge on display here is very impressive indeed Professor Peter Monteath

Colonial Fantasies Susanne Zantop, 1997 Traces German desires to discover conquer and dominate new worlds real and imagined expressed in stories and literature during the century preceding any actual German colonization Missionary Practices Seth Quartey, 2004 *Missionary Practices on the Gold Coast, 1832-1895* Seth Quartey, 2007 This is a valuable scholarly analysis of the ways that the practices of three members of the Basel Mission Andreas Riis Rosine Widmann and Carl Christian Reindorf informed the 19th century mission field of the Gold Coast between the years 1832 1895 Christian

Nazi Germany, Annexed Poland and Colonial Rule Rachel O'Sullivan, 2023-10-19 This book examines Nazi Germany's expansion population management and establishment of a racially stratified society within the Reichsgaue Reich Districts of Wartheland and Danzig West Prussia in annexed Poland 1939 1945 through a colonial lens The topic of the Holocaust has thus far dominated the scholarly debate on the relevance of colonialism for our understanding of the Nazi regime However as opposed to solely concentrating on violence to investigate whether the Holocaust can be located within wider colonial frameworks Rachel O Sullivan utilizes a broader approach by investigating other aspects such as discourses and fantasies related to expansion settlement civilising missions and Germanisation which were also intrinsic to Nazi Germany's rule in Poland The resettlement of the ethnic Germans individuals of German descent who lived in Eastern Europe until the outbreak of the Second World War forms a main focal point for this study's analysis and investigation of colonial comparisons The ethnic German resettlement in the Reichsgaue laid the foundations for the establishment and enforcement of German society and culture while simultaneously intensifying the efforts to control Poles and remove Jews Through this case study O Sullivan explores Nazi Germany's dual usage of inclusionary policies which attempted to culturally and linguistically integrate ethnic Germans and certain Poles into German society and the contrasting exclusionary policies which sought to rid annexed Poland of undesirable population groups through segregation deportation and murder The book compares these policies and the tactics used to implement them to colonial and settler colonial methods of assimilation subjugation and violence Empire in Question Antoinette Burton, 2011-05-03 Essays written by Antoinette Burton since the mid 1990s trace her thinking about modern British history and engage debates about how to think about British imperialism in light of contemporary events

Postcolonial Thought in the French Speaking World Charles Forsdick, David Murphy, 2022-04-01 In the late 1990's Postcolonial Studies risked imploding as a credible area of academic enquiry Repeated anthologization and an overemphasis on the English language literatures led to sustained critiques of the field and to an active search for alternative approaches to the globalized and transnational formations of the post colonial world In the early twenty first century however postcolonial began to reveal a new openness to its comparative dimensions French language contributors to postcolonial debate such as Edouard Glissant and Abdelkebir Khatibi have recently risen to greater prominence in the English speaking world and there have also appeared an increasing number of important critical and theoretical texts on postcolonial issues written by scholars working principally on French language material It is to such a context that this book responds Acknowledging these shifts

this volume provides an essential tool for students and scholars outside French departments seeking a way into the study of Francophone colonial postcolonial debates At the same time it supplies scholars in French with a comprehensive overview of essential ideas and key intellectuals in this area **Colonial Fantasies** Susanne Zantop,1997-09-10 Traces German desires to discover conquer and dominate new worlds real and imagined expressed in stories and literature during the century preceding any actual German colonization The People's Wars Mark Hewitson,2017-01-26 How did ministers journalists academics artists and subjects in the German lands imagine war during the nineteenth century The Napoleonic Wars had been the bloodiest in Europe s history directly affecting millions of Germans yet their long term consequences on individuals and on politics are still poorly understood This study makes sense of contemporaries memories and histories of the Revolutionary and Napoleonic campaigns within a much wider context of press reportage of wars elsewhere in Europe and overseas debates about military service and the reform of Germany s armies revolution and counter revolution and individuals experiences of violence and death in their everyday lives For the majority of the populations of the German states wars during an era of conscription were not merely a matter of history and memory rather they concerned subjects hopes fears and expectations of the future This is the second volume of Mark Hewitson s study of the violence of war in the German lands during the nineteenth and twentieth centuries It investigates the complex relationship between military conflicts and the violent acts of individual soldiers In particular it considers the contradictory impact of pacification in civilian life and exposure to increasingly destructive technologies of killing during war time This contradiction reached its nineteenth century apogee during the wars of unification leaving an ambiguous imprint on post war discussions of military conflict **The European Studies Journal** ,1999 *Fantasies of Identity* Rosemary Delia,1998 **Writing Imperial Relations** Kimberly Tae Kono,2001 *Arts & Humanities Citation Index* ,2000 **The Best Books for Academic Libraries** ,2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers
