Colonial Lives:

Colonial Lives of Property Brenna Bhandar, 2018-05-25 In *Colonial Lives of Property* Brenna Bhandar examines how modern property law contributes to the formation of racial subjects in settler colonies and to the development of racial capitalism Examining both historical cases and ongoing processes of settler colonialism in Canada Australia and Israel and Palestine Bhandar shows how the colonial appropriation of indigenous lands depends upon ideologies of European racial superiority as well as upon legal narratives that equate civilized life with English concepts of property In this way property law legitimates and rationalizes settler colonial practices while it racializes those deemed unfit to own property The solution to these enduring racial and economic inequities Bhandar demonstrates requires developing a new political imaginary of property in which freedom is connected to shared practices of use and community rather than individual possession

Colonial Lives Richard Boyer, Geoffrey Spurling, 2022-12-06 **Colonial Lives Across the British Empire** David Lambert, Alan Lester, 2006-11-23 A series of portraits of imperial lives to rethink the history of the British Empire in the nineteenth century *Report on the Mortality Experience of the Australian Mutual Provident Society for the Forty Years 1849 to 1888* Australian mutual providence society, AMP Society, 1891 **A Fictional Commons** Michael K. Bourdaghs, 2021-08-09 Modernity arrived in Japan as elsewhere through new forms of ownership In *A Fictional Commons* Michael K Bourdaghs explores how the literary and theoretical works of Natsume S seki 1867 1916 widely celebrated as Japan s greatest modern novelist exploited the contradictions and ambiguities that haunted this new system Many of his works feature narratives about inheritance thievery and the struggle to obtain or preserve material wealth while also imagining alternative ways of owning and sharing For S seki literature was a means for thinking through and beyond private property Bourdaghs puts S seki into dialogue with thinkers from his own era including William James and Mizuno Rentar author of Japan s first copyright law and discusses how his work anticipates such theorists as Karatani K jin and Franco Moretti As Bourdaghs shows S seki both appropriated and rejected concepts of ownership and subjectivity in ways that theorized literature as a critical response to the emergence of global capitalism **Reimagining Empire in India** Andrea Major, 2025-01-09 This book explores debates about East India Company colonialism that took place on the lecture circuits of Britain in the meeting houses of Calcutta and at the Mughal court in Delhi in the late 1830s and 1840s In the decades that followed the Emancipation Act 1833 British abolitionists and colonial philanthropists turned their attention to conditions across the empire sometimes collaborating with colonised groups to challenge the impositions and iniquities of British colonial rule and sometimes prescribing their own vision of how an imperial relationship should look This book uses the travels experiences and activism of anti slavery lecturer and East India reformer George Thompson as a starting point for a wider exploration and reassessment of the ways in which Company rule in India was challenged in the decades before the Indian Uprising of 1857 An important organiser in the campaign for East India reform as the main spokesperson for the

Aborigines Protection Society and a champion of the causes of Indian rulers such as Pratap Singh and Bahadur Shah Zafar Thompson was also a flawed character As a paid agent he was remunerated for his activism and accusations of pecuniary self interest were never far away His story therefore offers important insights into the limitations of early anti colonial sentiment and the problems of cosmopolitan collaboration in colonial contexts By exploring early Victorian debates about India s commercial potential role in the imperial labour market and place within an increasingly interconnected post emancipation empire the book seeks to contextualise evolving ideas regarding Britain s humanitarian responsibilities towards her fellow subjects in the East and how these connected with and were superseded by nascent forms of Indian anti colonialism political protest and civic activism **Edinburgh Companion to the First World War and the Arts** Ann-Marie
