Second Contact Harry Turtledove, 2014-05-10 In this first alternate history novel of the sequel series to Harry Turtledove's acclaimed Worldwar saga the space race is in its infancy in the 1960s and Earth faces alien colonization Yet the United States Soviet Union and Nazi Germany are too locked in conflict to unite against the invaders *Second contact* Harry Turtledove, **Misplaced Legion** Harry Turtledove, 2011-03-09 As they faced one another in a duel of survival the Roman tribune Marcus Scaurus held the spell scribed sword of a Druid priest and the Celtic chieftain Viridovix held a similar sword bespelled by a rival Druid sorcerer At the moment they touched the two found themselves under a strange night sky where no stars were familiar and where Gaul and Rome were unknown They were in an outpost of the embattled Empire of Videssos in a world where magic and dark sorcery would test their skill and courage as no Roman legion had ever been tested before From the Paperback edition **Colonisation** Harry Turtledove, 2000 The tumultuous 1960s have arrived and the alien reptilian race ponders its uneasy future on the planet it calls Tosev 3 The United States has prospered since the war and has sent a manned spaceship deep into space On the other side of the globe the German Reich remains bloodied but unbowed brandishing a frightening new weapon and always poised for war China strains under alien occupation and from Poland to Jerusalem Jews must choose between aiding the Race or the Reich Down to Earth is populated by a cast that includes the famous from Khomeini to Himmler and the unknown drug smugglers soldiers and lovers in a spectacular tale of tyranny and freedom destruction and hope The wizard of If Chicago Sun Times Turtledove the standard bearer for alternate history USA Today *How Few Remain* Harry Turtledove, 2008-12-24 From the master of alternate history comes an epic of the second Civil War It was an epoch of glory and success of disaster and despair 1881 A generation after the South won the Civil War America writhed once more in the bloody throes of battle Furious over the annexation of key Mexican territory the United States declared total war against the Confederate States of America in 1881 But this was a new kind of war fought on a lawless frontier where the blue and gray battled not only each other but the Apache the outlaw the French and the English As Confederate General Stonewall Jackson again demonstrated his military expertise the North struggled to find a leader who could prove his equal In the Second War Between the States the times the stakes and the battle lines had changed and so would history *Upsetting the Balance (Worldwar, Book Three)* Harry Turtledove, 2002-01-08 Russia Communist China Japan Nazi Germany the United States they began World War II as mortal enemies But suddenly their only hope for survival never mind victory was to unite to stop a mighty foe one whose frightening technology appeared invincible Far worse beings than the Nazis were loose From Warsaw to Moscow to China's enemy occupied Forbidden City the nations of the world had been forced into an uneasy alliance since humanity began its struggle against overwhelming odds In Germany where the banshee wail of hostile jets screamed across the land caches of once forbidden weapons were unearthed and unthinkable tactics were employed against the enemy Brilliantly innovative military strategists confronted challenges unprecedented in the history of warfare Even as lack of fuel forced people back to horse and carriage physicists worked feverishly to create the

first nuclear bombs with horrifying results City after city joined the atomic pyre as the planet erupted in fiery ruins Yet the crisis continued on land sea and in the air as humanity writhed in global combat The tactics of daredevil guerrillas everywhere became increasingly ingenious against a superior foe whose desperate retaliation would grow ever more fearsome No one had ever put the United States or the world in such deadly danger But if the carnage and annihilation ever stopped would there be any pieces to pick up

The Guns of the South Harry Turtledove, 2011-04-20 It is absolutely unique without question the most fascinating Civil War novel I have ever read Professor James M McPherson Pulitzer Prize winning BATTLE CRY OF FREEDOM January 1864 General Robert E Lee faces defeat The Army of Northern Virginia is ragged and ill equipped Gettysburg has broken the back of the Confederacy and decimated its manpower Then Andries Rhodie a strange man with an unplaceable accent approaches Lee with an extraordinary offer Rhodie demonstrates an amazing rifle Its rate of fire is incredible its lethal efficiency breathtaking and Rhodie guarantees unlimited quantities to the Confederates The name of the weapon is the AK 47 Selected by the Science Fiction Book Club A Main Selection of the Military Book Club

Sequels Janet G. Husband, Jonathan F. Husband, 2009 A guide to series fiction lists popular series identifies novels by character and offers guidance on the order in which to read unnumbered series

Krispos Rising (The Tale of Krispos, Book One) Harry Turtledove, 2008-12-30 Videssos was beset by enemies abroad and had fallen into decadence at home But on his first night in the imperial capital The Empire's health mattered less to Krispos than finding a dry place to sleep Driven by crushing taxes from the farm where his family had lived and died Krispos had come to the city seeking what fortune a good mind and a strong back could earn He had a single goldpiece to his name the gift years past of a nomad chieftain to a ragged peasant boy Now though the night was raw and the inn was warm he was loath to spend that coin for the barbarian had claimed it carried magic Keep his lucky goldpiece or trade it for a warm dry bed Krispos tucked the coin away and stepped back into the wet streets all unaware that so simple a choice would lead to a world of peril and possibility

Homeward Bound Harry Turtledove, 2005-12-27 The twentieth century was awash in war World powers were pouring men and machines onto the killing fields of Europe Then in one dramatic stroke a divided planet was changed forever An alien race attacked Earth and for every nation every human being new battle lines were drawn HOMEWARD BOUND With his epic novels of alternate history Harry Turtledove shares a stunning vision of what might have been and what might still be if one moment in history were changed In the WorldWar and Colonization series an ancient highly advanced alien species found itself locked in a bitter struggle with a distant rebellious planet Earth For those defending the Earth this all out war for survival supercharged human technology made friends of foes and turned allies into bitter enemies For the aliens known as the Race the conflict has yielded dire consequences Mankind has developed nuclear technology years ahead of schedule forcing the invaders to accept an uneasy truce with nations that possess the technology to defend themselves But it is the Americans with their

primitive inventiveness who discover a way to launch themselves through distant space and reach the Race's home planet itself Now in the twenty first century a few daring men and women embark upon a journey no human has made before Warriors diplomats traitors and exiles the humans who arrive in the place called Home find themselves genuine strangers on a strange world and at the center of a flash point with terrifying potential For their arrival on the alien home world may drive the enemy to make the ultimate decision to annihilate an entire planet rather than allow the human contagion to spread It may be that nothing can deter them from this course With its extraordinary cast of characters human nonhuman and some in between *Homeward Bound* is a fascinating contemplation of cultures armies and individuals in collision From the novelist USA Today calls the leading author of alternate history this is a novel of vision adventure and constant astounding surprise

American Empire--the Center Cannot Hold Harry Turtledove, 2002 **AMERICAN EMPIRE BOOK TWO** In this spectacular thought provoking epic of alternate history Harry Turtledove has created an unparalleled vision of social upheaval war and cutthroat politics in a world very much like our own but with dramatic differences It is 1924 a time of rebuilding from the slow reconstruction of Washington's most honored monuments to the reclamation of devastated cities in Europe and Canada In the United States the Socialist Party led by Hosea Blackford battles Calvin Coolidge to hold on to the Powell House in Philadelphia And it seems as if the Socialists can do no wrong for the stock market soars and America enjoys prosperity unknown in a half century But as old names like Custer and Roosevelt fade into history a new generation faces new uncertainties The Confederate States victorious in the War of Secession and in the Second Mexican War but at last tasting defeat in the Great War suffer poverty and natural calamity The Freedom Party promises new strength and pride But if its chief seizes the reins of power he may prove a dangerous enemy for the hated U S A Yet the United States take little note Sharing world domination with Germany they consider events in the Confederacy of little consequence As the 1920s end calamity casts a pall across the continent With civil war raging in Mexico terrorist uprisings threatening U S control in Canada and an explosion of violence in Utah the United States are rocked by uncertainty In a world of occupiers and the occupied of simmering hatreds shattered lives and pent up violence the center can no longer hold And for a powerful nation the ultimate shock will come when a fleet of foreign aircraft rain death and destruction upon one of the great cities of the

United States Down to Earth (Colonization, Book Two) Harry Turtledove, 2002-01-08 In 1942 Hitler led the world's most savage military machine Stalin ruled Russia while America was just beginning to show its strength in World War II Then in Harry Turtledove's brilliantly imagined Worldwar saga an alien invasion changed everything alliances technology commerce and most of all the nature of life and death Nuclear destruction engulfed some of Earth's great cities and the invaders claimed half the planet before an uneasy peace could be achieved Colonization takes us into the tumultuous 1960s as the reptilian Race ponders its uneasy future on the planet it calls Tosev 3 The United States has prospered since the war and has sent a manned spaceship deep into space On the other side of the globe the German Reich remains bloodied but unbowed brandishing a frightening new weapon and always poised for war China strains under alien occupation and from Poland to Jerusalem Jews must choose between aiding the Race or the Reich Now the invaders have been joined by their colonization fleet millions of newcomers who seek to incorporate our world into their far flung empire A violent black market erupts around ginger the one substance that deprives the alien colonists of their ability to reason and a new war threatens one even deadlier than the last The clamoring bellicose tribes of Earth form new alliances and play dangerous games of diplomacy but the ultimate power broker will be the Race itself For the colonists have one option no human can ignore With a vast ancient empire already in place the Race has the power to annihilate every living being on Tosev 3 In Colonization Down to Earth Harry Turtledove continues the breathtaking tale that has established him as one of alternate history's leading practitioners Populated by a cast that includes the famous from Khomeni to Himmler and the unknown drug smugglers soldiers and lovers this novel continues the excitement of Colonization Second Contact and weaves a spectacular tale of tyranny and freedom destruction and hope
