Colony, Earth Richard E. Mooney, 1974 **Colony: Earth - Ancient Aliens and the Origins of Man** Richard Mooney, 2017-05-21 A shattering new perspective on human history This is the book that proves Erich von Daniken wrong Colony Earth shows that ancient astronauts came and STAYED Earth was colonized by beings from another universe For millennia man has tried to remember where he came from God created him said the theologians He evolved from other forms of life said the scientists In any case they agreed man was native to Earth Not necessarily says author Richard E Mooney Evidence from both scientific research and mythology the memory of the human race suggests another origin True humans may have appeared on the earth thousands of years ago clothed equipped with weapons and technology and with intelligence equal or superior to that of man today Colony Earth demonstrates the author's contention that religion far from being at odds with science may itself be a vague and distorted memory of things once known things we are now beginning to rediscover through science Like Immanuel Velikovsky's *Worlds in Collision* and *The Morning of the Magicians* by Louis Pauwels and Jacques Bergier Colony Earth will infuriate the dogmatic engage the skeptic and delight the open minded For those readers impatient with the gaps in traditional science and theology dissatisfied with both divine creation and evolutionary theory Richard Mooney offers a radical hypothesis Publishers Weekly *The Golden Age Playbook for a New Earth Order* Jenö Joseph Giordano, 2024-12-24 The Golden Age Playbook for a New Earth Order After seven years of preparing for what has been more than just a story but our future Perhaps Fate will determine the course in which follows as I know the implications of my transgressions But also the Natural Truth of being bold in the face of adversity and the insurmountable fear that stands opposed to these Natural Truths The time has come for those who seek the unfiltered truth of how the Earth works And what is required to navigate the changes required to leverage the narrow passage we have before us This is not an invitation but a declaration of what is already occurring You can do what you wish with this information But know this The Golden Age is not asking it's happening This is not about one human leading humans but a state of beingness that begins inside who you are who we are where we live where we want to go what we want to do about it how we need to resolve it and the playbook that we become in order to arrive at the destination Therefore avoid the fear of propaganda which has so ever divulged us into evaporating what nature we have left in us and return back to who we are in the natural form While bringing the new age of gadgets we possess towards our future Know this there has been a wake of bones buried in the making of this heroes sacrificing to make room for a narrow passage to exist Lives are on the line for those locked into this manifestation of progress Whatever you do Download this locally on a hard drive share it and ensure you read it to understand what is before us _____ Where Can I Watch Jenö Narrating the Playbook <https://youtu.be/KKsA5aBH5wU> feature shared _____ Where Can I Read Payhip Free and Paid version <https://payhip.com/b/0ka1S> ResearchGate Free <https://www.researchgate.net/publication>
