Combat Warren B. Rudman,1996 One of the most courageous popular and effective Senators of recent times tells how the Senate really works and doesn't work and gives a rare insider's view of the people who run it A hugely popular and universally trusted two term Senator from New Hampshire Rudman chose not to run for a third term when he decided that he could not reconcile his personal ideals with the limitations of today's legislative process *Congressional Procedures and the Policy Process* Walter J. Oleszek, Mark J. Oleszek, Elizabeth Rybicki, Bill Heniff Jr.,2019-09-19 The book does an outstanding job in covering all the necessary details on congressional rules and procedures most of which are not easy to understand It has been and will remain to be a must read for all the congressional politics students and Washington insiders Hong Min Park University of Wisconsin Milwaukee Congressional Procedures and the Policy Process examines the entire arc of the legislative process from a bill's introduction to its signature into law to congressional review of the law's administrative implementation and the many procedural pitfalls that exist along the way Author Walter J Oleszek and co authors Mark Oleszek Elizabeth Rybicki and Bill Heniff Jr do not shy away from the complexity of the topic yet they ensure that the operations of Congress are understandable to students and practitioners alike Through an array of interesting examples case studies and the authors personal anecdotes this definitive work delivers timely explanation and analysis of the nation's premier lawmaking institution *The Age of Impeachment* David E. Kyvig,2008 A Bancroft Prize winning historian chronicles the modern history of impeachment and the shift in American politics and constitutional culture revealed by its evolving interpretation and use **David Hackett Souter** Tinsley E. Yarbrough,2005-09-22 Sifting through Souter's opinions and other relevant records and interviews esteemed Supreme Court biographer Yarbrough reveals the real David Souter crafting a fascinating account of one of the heretofore most elusive Justices in the history of the Court **The President Shall Nominate** Mitchel A. this monumental three volume work covers the personalities and events leading to a national legal aid movement and decades later the federal government's entry into the field and its creation of a unique institution an independent Legal Services Corporation to run the program The narrative also covers the landmark court victories the attorneys won and the political controversies those cases generated along with the heated congressional battles over the shape and survival of the Legal Services Corporation In the final chapters the author assesses the current state of civil legal aid and its future prospects in the United States

Stranger in a Strange State Christopher J. Galdieri, 2019-05-01 Candidates normally run for office in the places where they live Occasionally however a politician will run as a carpetbagger someone who moves to a new state for the express purpose of running or who runs in one state after holding office in another Stranger in a Strange State examines what makes some politicians take this drastic step and how that shapes their campaigns and chances for victory Focusing on races for the US Senate from 1964 forward Christopher J Galdieri analyzes the campaigns of nine carpetbaggers including nationally known figures such as Robert F Kennedy and Hillary Rodham Clinton and less well known candidates like Elizabeth Cheney and Scott Brown These case studies draw on archival research contemporaneous accounts of each campaign and scholarship on campaigns and representation While the record reveals that it generally takes national political stature for a carpetbagger to win an election some recent campaigns suggest that in today's polarized political era both politicians and state political parties might want to be more open to the prospect of carpetbagging
