**Combating Terrorism: Analysis of Federal Counterterrorist Exercises** Carol R. Schuster, 1999-12 U S policy and guidelines to combat terrorism call for robust tailored and rapidly deployable interagency teams to conduct well coordinated and highly integrated operations Fed agencies enhance their ability to respond to terrorist incidents by conducting exercises that train key personnel and test response plans GAO briefed Congress on its analysis of fed counterterrorist exercises that had been gathered in producing a Feb 1999 classified report This report summarizes the contents of those briefings The objective was to determine the numbers types scenarios and participants involved in Fed counterterrorism exercises conducted from 1995 to 1998

**Combating Terrorism** William C. Banks, Renée de Nevers, Mitchel B. Wallerstein, 2008 Countering terrorism tops the list of America s devilish set of problems Americans deal with terrorism and the threat of terrorism through enhanced investigative tools in hopes of interdicting terrorism before it strikes as a law enforcement issue as a matter for international cooperation and diplomacy and as a species of war best fought by the military These approaches are not mutually exclusive nor are they exhaustive Nor have they or will they be successful all of the time But as a central focus of U S national security strategy the stakes couldn t be higher In ten comprehensive chapters Combating Terrorism discusses tools and tactics for dealing with this ever changing challenge with a focus on how they operate in the real world Additionally readers are encouraged to explore why terrorists might strike and what might be done to ameliorate root causes The authors also discuss the dynamics of homeland security planning and recovery with an examination of the crucial role of the media and our government s public affairs function in crisis situations Each chapter features a series of case studies designed to give students a quick study of actual terrorist actions and the counter strategies at work offering further insight into the complexities of combating terrorism

**National Strategy for Combating Terrorism** George W. Bush, 2009-04 Since the September 11 attacks America is safer but we are not yet safe We have done much to degrade al Qaida and its affiliates and to undercut the perceived legitimacy of terrorism Our Muslim partners are speaking out against those who seek to use their religion to justify violence and a totalitarian vision of the world We have significantly expanded our counter terrorism coalition transforming old adversaries into new and vital partners in the War on Terror We have liberated more than 50 million Afghans and Iraqis from despotism terrorism and oppression permitting the first free elections in recorded history for either nation In addition we have transformed our governmental institutions and framework to wage a generational struggle There will continue to be

challenges ahead but along with our partners we will attack terrorism and its ideology and bring hope and freedom to the people of the world This is how we will win the War on Terror

**Countering Terrorism and Insurgency in the 21st Century** James J. F. Forest, 2007-06-30 The attacks of September 11 2001 inaugurated a new global era of counterterrorism policy and activity led by the United States Countering Terrorism and Insurgency in the 21st Century analyzes the most significant dimensions of combating terrorism including considerations of strategic and tactical issues hard power soft power and counterintelligence the need to thwart sources and facilitators weak governments ill conceived foreign policy and trafficking in drugs guns and humans and the incorporation of lessons learned thus far from combating terrorism around the globe Since the dawn of the new millennium combating terrorism has become a primary focus of security professionals throughout the world The attacks of September 11 2001 inaugurated a new global era of counterterrorism policy and activity led by the United States while many countries from Algeria and Spain to Sri Lanka and Indonesia have redoubled their efforts to combat their own indigenous terrorism threats In the United States the counterterrorism goals identified in the National Strategy for Combating Terrorism 2006 can only be achieved through significant multinational cooperation These goals are to advance effective democracies as the long term antidote to the ideologies of terrorism to prevent attacks by terrorist networks to deny terrorists the support and sanctuary of rogue states to deny terrorists control of any nation they would use as a base and launching pad for terror and to lay the foundations and build the institutions and structures we need to carry the fight forward against terror and help ensure our ultimate success At this point in the development of the global counterterrorism efforts it is particularly important to pause for reflection on a number of critical questions What do we know about effectively countering terrorism What are the characteristics of successful or unsuccessful counterterrorism campaigns What do we need to learn in order to do this better Countering Terrorism and Insurgency in the 21st Century addresses these and related questions contributing to national security policy as well as to our understanding of the terrorist threat and how it can be defeated Volume 1 Strategic and Tactical Considerations examines issues of hard power soft power and intelligence counterintelligence Volume 2 Sources and Facilitators covers state failure border controls democracy promotion networks and trade and trafficking and societal issues Volume 3 Lessons Learned from Combating Terrorism and Insurgency includes case studies of counterterrorism operations e g the hijacking of the Achille Lauro the 1993 bombing of the World Trade Center and the capture of key terrorist suspects like Ramzi Youssef and Khalid Sheikh Mohamad and case studies of long term efforts to combat terrorism e g the Basques in Spain the Tamil Tigers in Sri Lanka Israel's struggle against Palestinian terror organizations Peru and Sendero Luminoso and Japan and Aum Shinrikyo
