## **Colonial Rule In Africa Readings From Primary Sources:**

Colonial Rule in Africa Bruce Fetter, Colonial Rule in Africa Bruce Fetter, 1979 Africa, Asia, and South America Since 1800 A. J. H. Latham, 1995 A reference for graduate and undergraduate students presenting the bibliographic details and sometimes describing and evaluating the content of over 5 000 books in English most published since 1945 and many quite recently but also some earlier works of enduring importance A section of works on all three continents is followed by sections on each which first consider the continent as a whole then each country usually by chronological periods and topics such as economics politics and society Indexed only by author and editor but the table of contents is detailed enough to provide adequate access Distributed in the US by St Martin s Press Annotation copyright Book News Inc Portland Or

Colonialism Melvin E. Page, 2003-09-16 The most exhaustive reference work available on this critical subject in world history focusing on the politics economy culture and society of both colonizers and colonized The history of the last 500 years is the history of imperialism writes editor Melvin Page In the Americas as a result of imperialist conquest disease famine and war nearly wiped out a population estimated in the tens of millions Africa was devastated by the slave trade an integral part of imperialism from the 1400s to the 1800s In Asia even though native populations survived native political institutions were destroyed Imperialism also forged the two most important ideologies of the last five centuries racialism and modern nationalism In more than 600 essays presented in this three volume encyclopedia Page and other leading scholars historians political scientists economists and sociologists analyze the origins of imperialism the many forms it took and its impact worldwide They also explore imperialism s bitter legacy the gross inequities of global wealth and power that divide the former conquerors primarily Europe the United States and Japan from the people they conquered The end of colonial rule : nationalism and decolonization Toyin Falola, 2000 In this fourth volume of the Africa series Falola presents various aspects of African history and culture from the period of World War II to the time when African countries became free of European rule The book s primary aim is to present the broad picture of Africa in the last decades of colonial rule The theme of nationalism occupies a prominent place four chapters are devoted to its analysis including the contributions of women which have generally been ignored This period of African history was also a time of reform when Africa actually began to see significant changes Various chapters are devoted to those reforms and other important social aspects of the time notably health business and education The authors pay attention to the role of Africans in initiating some of these major changes In the second part of the book the themes are analyzed chronologically focusing on each region in turn The final part reflects on what colonialism meant for Africa both during the period of European rule and since independence The concluding chapters prepare the reader to understand contemporary Africa which is covered in Volume 5 the last in the series This is the fourth volume in a series of textbooks entitled Africa Contributors to the volumes are African Studies teachers from a variety of schools and settings Writing from their individual areas of expertise these authors work together to break stereotypes about

Africa focusing instead on the substantive issues of the African past from the perspectives of Africans themselves The organization of the books is flexible enough to suit the needs of any instructor and the texts include illustrations maps and timelines to make cultural and historical movements clearer Suggestions for further reading that will help students broaden their own interests are also included Africa challenges the accepted ways of studying Africa and encourages students who are eager to learn about the diversity of the African experience This volume delivers the goods wonderfully well Its strength lies in its readability for the target audience Its writers are interested in communicating and bear their expertise gently

Journal of African History Volume 45 2004      **Imperialism** Bonnie G. Smith, 2000 Presents documents that provide many accounts from around the globe of imperialism      The International Journal of African Historical Studies ,1982      **Africa and the Atlantic World: Oxford Bibliographies Online Research Guide** Oxford University Press, 2010-06-01 This ebook is a selective guide designed to help scholars and students of the ancient world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated This ebook is just one of many articles from Oxford Bibliographies Online Atlantic History a continuously updated and growing online resource designed to provide authoritative guidance through the scholarship and other materials relevant to the study of Atlantic History the study of the transnational interconnections between Europe North America South America and Africa particularly in the early modern and colonial period Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit [www.oxfordbibliographies.com](http://www.oxfordbibliographies.com)      Modern Genocide Paul R. Bartrop, Steven Leonard Jacobs, 2014-12-17 This massive four volume work provides students with a close examination of 10 modern genocides enhanced by documents and introductions that provide additional historical and contemporary context for learning about and understanding these tragic events Modern Genocide The Definitive Resource and Document Collection spans nearly 1 700 pages presented in four volumes and includes more than 120 primary source documents making it ideal for high school and beginning college students studying modern genocide as part of a larger world history curriculum The coverage for each modern genocide from Herero to Darfur begins with an introductory essay that helps students conceptualize the conflict within an international context and enables them to better understand the complex role genocide has played in the modern world There are hundreds of entries on atrocities organizations individuals and other aspects of genocide each written to serve as a springboard to meaningful discussion and further research The coverage of each genocide includes an introductory overview an explanation of the causes consequences perpetrators victims and bystanders the international reaction a timeline of events an Analyze section that poses tough questions for readers to consider and provides scholarly pro

and con responses to these historical conundrums and reference entries This integrated examination of genocides occurring in the modern era not only presents an unprecedented research tool on the subject but also challenges the readers to go back and examine other events historically and consequently consider important questions about human society in the present and the future     Resources in Education ,1982-04     The Scramble for Africa (c. 1870-1914) Trevor Rowell,1986     **Program**
