*Aftershocks* Harry Turtledove, 2002-02 Science fiction roman      Colonisation: Aftershocks Harry Turtledove, 2012-08-30

Humanity is still locked in a battle for supremacy with the conquering alien invaders the Race The German Reich has finally been subdued and the Race believe it only to be a matter of time before the rest of the planet follows suit However they underestimate humanity's desire for freedom and the lengths they will go to gain it With America and Russia holding the alien invaders off in a technological standoff the disorganised red armies of Mao Tse tung's revolutionaries causing havoc and the ever increasing dependence of the Race on the addictive substance ginger the Empire realises that the colonisation of Earth may only be achieved through its total destruction The wizard of If Chicago Sun Times Turtledove the standard bearer for alternate history USA Today      **Colonization** Harry Turtledove, 2001 World War II The great powers were at one another's throats Armies clashed across rolling countryside Air forces sowed death from above Then in 1942 everything changed A new front opened in World War II when an alien race attacked the Earth In his extraordinary alternate history epic Harry Turtledove created the acclaimed Worldwar saga Now in the Colonization series what began as war has evolved into decades of epic struggles and rebellions erupting against the invaders known as the Race As the 1960s begins one of the great powers explodes a nuclear strike against the Race's colonization fleet As she did a generation before Germany goes to war over Poland this time against the Race Retaliation is swift and deadly leaving much of the Third Reich in ruins The United States has used its fast developing military technology to lock the invaders into a standoff And in China the ragtag revolutionary army of Mao Tse tung armed with Russian supplied German made weapons may prove the Race's most intractable enemy of all On Earth the alien invaders find themselves confronting a far more complex and difficult species than any they have encountered before From the hatred between the Jews and the Deutsche to the irrepressible inventiveness of human technology the reptilian invaders realize they have met creatures that cannot be tamed Ultimately only superior firepower may keep Earth under the Empire's control or may destroy the world Despite its military superiority the Race still fears it underestimates its foes While uprisings and aftershocks of war shake the planet while the Race's troops are undermined by ginger addiction one nation plots a stunning counterattack With its sprawling cast of characters startling plot twists and uncanny sense of history Colonization Aftershocks is another marvelous achievement from Harry Turtledove the author USA Today calls the leading author of alternate history      **Aftershocks** Harry Turtledove, 2001 Humanity is still locked in a battle for supremacy with the conquering alien invaders the Race The German Reich has finally been subdued and the Race believe it only to be a matter of time before the rest of the planet follows suit However they underestimate humanity's desire for freedom and the lengths they will go to gain it With America and Russia holding the alien invaders off in a technological standoff the disorganised red armies of Mao Tse tung's revolutionaries causing havoc and the ever increasing dependence of the Race on the addictive substance ginger the Empire realises that the colonisation of Earth may only be

achieved through its total destruction The wizard of If Chicago Sun Times Turtledove the standard bearer for alternate history USA Today Return Engagement (Settling Accounts, Book One) Harry Turtledove, 2005-06-28 Harry Turtledove handles his huge cast with admirable skill The insights into racial politics elevate this novel to a status above mere entertainment although it provides that aplenty Publishers Weekly It s 1941 and an alliance of peace holds in check the most powerful nations of the world but it is an uneasy peace Japan dominates the Pacific the Russian tsar rules Alaska and England under Winston Churchill chafes for a return to its former glory Behind this fa ade of world order America is a bomb waiting to explode Jake Featherston the megalomaniacal leader of the Confederate States of America is just the man to light the fuse Opposite him is Al Smith a Socialist U S president in the Philadelphia White House Smith is a living symbol of hope for a nation that has been through the hell of war and depression Featherston and his Freedom Party are determined to conquer their Northern neighbor at any cost After crushing a Negro rebellion in his own nation Featherston sends Confederate army planes to attack Philadelphia In the aftermath of the CSA blitzkrieg the war machine spins a vortex of destruction betrayal and fury that no one not even Jake Featherston himself can control Turtledove plays heady games with actual history scattering object lessons and bitter ironies along the way Return Engagement features strong complex characters against a sweeping alt historical background Kirkus Reviews Another absorbing installment of Turtledove s character centered alternate history saga Booklist The Tale of Krispos Harry Turtledove, 2007-10-30 The dazzling story of a boy who rises from poverty and hardship to become the greatest leader his world has ever known KRISPOS RISING Born a ragged peasant Krispos lives on the family farm until crushing taxes drove him from the land he calls home With only a single gold piece to his name a gift from a nomad chieftain who claimed it carried magic Krispos heads for the imperial capital Videssos and into a world of peril and possibility KRISPOS OF VIDESSIONS Krispos reign as emperor of Videssos shows every sign of being brief and very bloody for trouble is brewing Civil war has erupted and as rebel troops take the field against the untried emperor outland raiders are sweeping down from the northlands in a tide of carnage How long can Krispos hope to keep head and crown together KRISPOS THE EMPEROR A strange heresy has taken root in the land and soon dissent flares into open revolt as Krispos faces his greatest challenge To save his empire from tearing itself apart he wages an evermore desperate war against an implacable foe setting brother against brother and father against son **How Few Remain** Harry Turtledove, 2008-12-24 From the master of alternate history comes an epic of the second Civil War It was an epoch of glory and success of disaster and despair 1881 A generation after the South won the Civil War America writhed once more in the bloody throes of battle Furious over the annexation of key Mexican territory the United States declared total war against the Confederate States of America in 1881 But this was a new kind of war fought on a lawless frontier where the blue and gray battled not only each other but the Apache the outlaw the French and the English As Confederate General Stonewall Jackson again demonstrated his military expertise the North struggled to find a leader who could prove his equal In the Second War

Between the States the times the stakes and the battle lines had changed and so would history Krispos Rising (The Tale of Krispos, Book One) Harry Turtledove, 2008-12-30 Videssos was beset by enemies abroad and had fallen into decadence at home But on his first night in the imperial capital The Empire's health mattered less to Krispos than finding a dry place to sleep Driven by crushing taxes from the farm where his family had lived and died Krispos had come to the city seeking what fortune a good mind and a strong back could earn He had a single goldpiece to his name the gift years past of a nomad chieftain to a ragged peasant boy Now though the night was raw and the inn was warm he was loath to spend that coin for the barbarian had claimed it carried magic Keep his lucky goldpiece or trade it for a warm dry bed Krispos tucked the coin away and stepped back into the wet streets all unaware that so simple a choice would lead to a world of peril and possibility

*The Grapple* Harry Turtledove, 2006-07-25 In this stunning retelling of World War II Harry Turtledove has created a blockbuster saga that is thrilling troubling and utterly compelling It is 1943 the third summer of the new war between the Confederate States of America and the United States a war that will turn on the deeds of ordinary soldiers extraordinary heroes and a colorful cast of spies politicians rebels and everyday citizens The CSA president Jake Featherstone has greatly miscalculated the North's resilience In Ohio where Confederate victory was once almost certain Featherstone's army is crumbling and reinforcements of uninspired Mexican troops cannot stanch a Northern assault on the heartland The tide of war is changing and victory seems within the grasp of the USA Still new fighting flares from Denver to Los Angeles Indeed as the air ground and water burn with molten fury new and demonic tools of killing are unleashed and secret wars are unfolding The U S government in Philadelphia has proof that the tyrannical Featherstone is murdering African Americans by the tens of thousands in a Texas gulag called Determination And the leaders of both sides know full well that the world's next great power will not be the one with the biggest army but the nation that wins the race against nature and science and smashes open the power of the atom In *Settling Accounts* Harry Turtledove blends vivid fictional characters with a cast inspired by history including the Socialist assistant secretary of war Franklin Delano Roosevelt and beleaguered Confederate military commander Nathan Bedford Forrest In *The Grapple* he takes his spellbinding vision to new heights as he captures the heart and soul of a generation born and raised amid unimaginable violence This is a struggle of conquest and conscience played out on American soil

**Alpha and Omega** Harry Turtledove, 2019-07-02 New York Times bestselling author Harry Turtledove reveals a new side of his potent imagination in a gripping speculative novel about the End of Days and a discovery in the Middle East that turns the world upside down What would happen if the ancient prophecy of the End of Days came true It is certainly the last thing Eric Katz a secular archaeologist from Los Angeles expects during what should be a routine dig in Jerusalem But perhaps higher forces have something else in mind when a sign presaging the rising of the Third Temple is located in America a dirty bomb is detonated in downtown Tel Aviv and events conspire to place a team of archaeologists in the tunnels deep under the Temple Mount There Eric is witness to a discovery of such monumental proportions that nothing

will ever be the same again Harry Turtledove is the master at portraying ordinary people caught up in extraordinary events and what is more extraordinary than the incontrovertible proof that there truly is a higher force controlling human destiny But as to what that force desires well that is the question

**Bombs Away** Harry Turtledove, 2015-07-14 In his acclaimed novels of alternate history Harry Turtledove has scrutinized the twisted soul of the twentieth century from the forces that set World War I in motion to the rise of fascism in the decades that followed Now this masterly storyteller turns his eyes to the aftermath of World War II and asks In an era of nuclear posturing what if the Cold War had suddenly turned hot *Bombs Away* begins with President Harry Truman in desperate consultation with General Douglas MacArthur whose control of the ground war in Korea has slipped disastrously away MacArthur recognizes a stark reality The U S military has been cut to the bone after victory over the Nazis while China and the USSR have built up their forces The only way to stop the Communist surge into the Korean Peninsula and save thousands of American lives is through a nuclear attack MacArthur advocates a strike on Chinese targets in Manchuria In actual history Truman rejected his general's advice here he does not The miscalculation turns into a disaster when Truman fails to foresee Russia's reaction Almost instantly Stalin strikes U S allies in Europe and Great Britain As the shock waves settle the two superpowers are caught in a horrifying face off Will they attack each other directly with nuclear weapons What countries will be caught in between The fateful global drama plays out through the experiences of ordinary people from a British barmaid to a Ukrainian war veteran to a desperate American soldier alone behind enemy lines in Korea For them as well as Truman Mao and Stalin the whole world has become a battleground Strategic strikes lead to massive movements of ground troops Cities are destroyed economies ravaged And on a planet under siege the sounds and sights of nuclear bombs become a grim harbinger of a new reality the struggle to survive man's greatest madness Praise for *Bombs Away* A fascinating and compelling story of real people caught in forces beyond their control Harry Turtledove is the unrivaled monarch of alternate history Analog Turtledove is an undisputed centerpiece of the alternate history genre and now to his already grand display he's adding the ambitious tale of a WWII that could have happened Booklist This is Turtledove at his best SFRevu Alternate world warrior extraordinaire Turtledove delivers the opening barrage of a new speculative conflict Kirkus Reviews

*American Empire--the*

*Center Cannot Hold* Harry Turtledove, 2002 AMERICAN EMPIRE BOOK TWO In this spectacular thought provoking epic of alternate history Harry Turtledove has created an unparalleled vision of social upheaval war and cutthroat politics in a world very much like our own but with dramatic differences It is 1924 a time of rebuilding from the slow reconstruction of Washington's most honored monuments to the reclamation of devastated cities in Europe and Canada In the United States the Socialist Party led by Hosea Blackford battles Calvin Coolidge to hold on to the Powell House in Philadelphia And it seems as if the Socialists can do no wrong for the stock market soars and America enjoys prosperity unknown in a half century But as old names like Custer and Roosevelt fade into history a new generation faces new uncertainties The Confederate States victorious in the War of Secession and in the Second Mexican War but at last tasting defeat in the Great War suffer poverty and natural calamity The Freedom Party promises new strength and pride But if its chief seizes the reins of power he may prove a dangerous enemy for the hated U S A Yet the United States take little note Sharing world domination with Germany they consider events in the Confederacy of little consequence As the 1920s end calamity casts a pall across the continent With civil war raging in Mexico terrorist uprisings threatening U S control in Canada and an explosion of violence in Utah the United States are rocked by uncertainty In a world of occupiers and the occupied of simmering hatreds shattered lives and pent up violence the center can no longer hold And for a powerful nation the ultimate shock will come when a fleet of foreign aircraft rain death and destruction upon one of the great cities of the United States

**What Do I Read Next?**, 2000      *Aftershocks* Susan Kingsley Kent, 2009-01-15 *Aftershocks* argues the crucial connection between structures of feeling and political culture in Britain Britons incorporated into their understandings of their political selves the meanings attached to shellshock especially the imagery that informed the view of the traumatized psyche as shattered The political force of emotions must be appreciated if we are to grasp the political history of Britain in the 1920s a decade whose historians have failed to come to grips with the extraordinary violence visited upon those regarded as un-English Shellshocked Britons turned to certain political actions to repair the collective psyche the passage of the Aliens Act of 1919 the race riots of 1919 the Amritsar massacre in 1919 the reprisals against the Irish in 1919-21 the General Strike of 1926 and the debates over the bill to enfranchise women over the age of 30 in 1927 and the Irish Women's War of 1929
