

Colonization as  
Exploitation in the  
Amazon Rain Forest,  
1758-1911

ROBIN L. ANDERSON

# Colonization As Exploitation In The Amazon Rain Forest 1758 1911

**Lawrence Boudon**

## **Colonization As Exploitation In The Amazon Rain Forest 1758 1911:**

**Colonization as Exploitation in the Amazon Rain Forest, 1758-1911** Robin Leslie Anderson, 1999 *Governing the Rainforest* Eve Z. Bratman, 2019-09-24 *Governing the Rainforest* looks at development and conservation efforts in the Brazilian Amazon where the government and corporate interests bump up against those of environmentalists and local populations. The consistently used motif for these interventions is sustainable development although its outcomes generally perpetuate and reinforce economic and political inequities and often do little for environmental protection. This book asks why sustainable development continues to be such a powerful and influential idea in the region and what impact it has had on various political and economic interests and geographic areas. The book offers a fresh take on the embroilments of sustainable development within a multi level analysis of actors discourses and practices. *Governing the Rainforest* is a novel interdisciplinary work that uses case studies and historical analysis to elucidate the challenges of sustainable development processes.

**Colonialism and Antarctica** Peder Roberts, Alejandra Mancilla, 2024-07-30 This book explores how the concept of colonialism can help to understand the past and present of Antarctica and how Antarctica may illuminate the limits of colonialism as an analytic concept. Despite lacking an indigenous population the continent has been shaped by many of the same political and economic forces that have defined the rest of the world notwithstanding its unique governance arrangement the Antarctic Treaty System. The book provides a fresh and timely set of contributions that critically explore different practices attitudes and logics that suggest that colonialism may have been and may still be present in Antarctica ranging from religion to material culture to the treatment of animals. The chapters also explore the connection between colonialism and cognate terms like capitalism socialism nationalism and environmentalism. An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence.

**An Environmental History of Latin America** Shawn William Miller, 2007-08-27 A narration of the mutually mortal historical contest between humans and nature in Latin America. Covering a period that begins with Amerindian civilizations and concludes in the region's present urban agglomerations the work offers an original synthesis of the current scholarship on Latin America's environmental history and argues that tropical nature played a central role in shaping the region's historical development. Human attitudes populations and appetites from Aztec cannibalism to more contemporary forms of conspicuous consumption figure prominently in the story. However characters such as hookworms whales hurricanes bananas dirt butterflies guano and fungi make more than cameo appearances. Recent scholarship has overturned many of our egocentric assumptions about humanity's role in history. Seeing Latin America's environmental past from the perspective of many centuries illustrates that human civilizations ancient and modern have been simultaneously more powerful and more vulnerable than previously thought.

**Amazonian Routes** Heather F. Roller, 2014-06-18 This book reconstructs the world of eighteenth century Amazonia to argue that indigenous mobility did not undermine settlement or community. In doing so it revises longstanding views of native Amazonians as

perpetual wanderers lacking attachment to place and likely to flee at the slightest provocation. Instead, native Amazonians used traditional as well as new colonial forms of spatial mobility to build enduring communities under the constraints of Portuguese colonialism. Canoeing and trekking through the interior to collect forest products or to contact independent native groups, Indians expanded their social networks, found economic opportunities, and brought new people and resources back to the colonial villages. When they were not participating in these state-sponsored expeditions, many Indians migrated between colonial settlements seeking to be incorporated as productive members of their chosen communities. Drawing on largely untapped village-level sources, the book shows that mobile people remained attached to their home communities and committed to the preservation of their lands and assets. This argument still matters today and not just to scholars, as rural communities in the Brazilian Amazon find themselves threatened by powerful outsiders who argue that their mobility invalidates their claims to territory.

**In Search of the Amazon** Seth Garfield, 2013-12-06. This history of the international and local conflicts surrounding the extraction of resources from the Amazon during the Second World War shows how those conflicts shaped contemporary ideas about the rainforest. *Hapi, Hispanic American Periodicals Index* 2001, 2002-04.

**Latin America and the Caribbean** Brian W. Blouet, Olwyn M. Blouet, 2005. This well-established text combines a thematic and regional look at Latin America and the Caribbean. The thematic approach surveys the physical environment, historical geography, demography, agriculture, communications, industry, urban and political aspects of Latin America. The regional approach covers chapters on Mexico, Central America, the Caribbean, Andean America, Brazil, Brazilian Amazonia, and the Southern Cone. This updated edition includes updated maps and photos and new Interlude on Cancun and the Yucatan and an new Interlude on Self Help Housing. *Colonial Routes* Heather Flynn Roller, 2010. *The Hispanic American Historical Review* James Alexander Robertson, 2006. Includes Bibliographical section.

**History of Brazil, 1500-2000** Joseph Smith, Francisco Luiz Teixeira Vinhosa, 2002. A clearly structured and well-informed synthesis of developments and events in Brazilian history from the colonial period to the present. This volume is aimed at non-specialized readers and students seeking a straightforward introduction to this unique Latin American country. Divided chronologically into five main historical periods: Colonial Brazil, Empire, the First Republic, the Estado Novo, and events from 1964 to the present, the book explores the politics, economy, society, and diplomacy during each phase. The emphasis on diplomacy is particularly original and adds an unusual dimension to the book.

**Handbook of Latin American Studies, Vol. 60** Lawrence Boudon, 2005-02-01. The one source that sets reference collections on Latin American studies apart from all other geographic areas of the world. The Handbook has provided scholars interested in Latin America with a bibliographical source of a quality unavailable to scholars in most other branches of area studies. *Latin American Research Review* Beginning with volume 41, 1979, the University of Texas Press became the publisher of the Handbook of Latin American Studies, the most comprehensive annual bibliography in the field. Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of

more than 130 specialists in various disciplines the Handbook alternates from year to year between social sciences and humanities The Handbook annotates works on Mexico Central America the Caribbean and the Guianas Spanish South America and Brazil as well as materials covering Latin America as a whole Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas The Handbook of Latin American Studies is the oldest continuing reference work in the field Lawrence Boudon of the Library of Congress Hispanic Division has been the editor since 2000 and Katherine D McCann has been assistant editor since 1999 The subject categories for Volume 60 are as follows Art History including ethnohistory Literature including translations from the Spanish and Portuguese Music Philosophy Latin American Thought **G.K. Hall Bibliographic Guide to Latin American Studies** Benson Latin American Collection,1999 The Eighteenth Century Kevin L. Cope,Robert C. Leitz, III,2003 This reference work provides bibliographic details for students of 18th century studies The Journal of Developing Areas ,1998 **Luso-Braz. Rev** ,1999 **British Bulletin of Publications on Latin America, the Caribbean, Portugal, and Spain** ,2002 Latin American Research Review ,2005 The Linnean Linnean Society of London,1999 **Choice** ,2000
