revenues Affiliate marketing is when you use your website to drive your traffic to someone else's website to buy their services or products For each sale initiated from the link on your website you receive a percentage called an affiliate sales commission You can do affiliate marketing part time and many have enjoyed great success such that they've resorted to making it full time As exciting as it sounds you can enter the game within just a couple of hours But your level of success will depend on the amount of effort and time you devote The following chapters will discuss how you can make money online with affiliate marketing
