**Not Afraid of Life** Bristol Palin, Nancy French, 2011-06-21 When her mother Sarah Palin became the Republican Vice Presidential candidate in 2008 Bristol Palin was instantly propelled into the national spotlight becoming the focus of intense public and national media scrutiny at the age of seventeen In Not Afraid of Life she shares with readers for the first time ever personal moments from her life from her Alaskan roots to her pregnancy and single motherhood to her star turn on TV s enormously popular Dancing with the Stars This candid memoir is a heartfelt true story of a woman who is centered by her strong Christian faith and is Not Afraid of Life

**Chinese Fatherhood, Gender and Family** Mario Liong, 2017-01-16 This book is about how Chinese men make sense of and practise fatherhood within the context of changing gender conventions and socio cultural conditions Liong analyses data from participant observations at a men s centre focus groups and in depth interviews to assess the subjective experience and identities of Chinese fathers in Hong Kong from a gender perspective His findings show that economic provision education and marriage are the three natural and normal domains of paternity Not being able to fulfil these requirements is a threat to fathers masculinity yet is also an opportunity for fathers to reflect upon these accepted conventions In order to compensate these men typically develop a closer and more caring relationship with their children however these fathers still struggle with feelings of inferiority

**The Present Moment** Marjorie Oludhe Macgoye, 2014-08-30 This contemporary African classic tells the story of seven unforgettable Kenyan women as it traces more than sixty years of turbulent national history Like their country this group of old women is divided by ethnicity language class and religion But around the charcoal fire at the Refuge the old age home they share in Nairobi they uncover the hidden personal histories that connect them as women stories of their struggles for self determination of conflict violence and loss but also of survival Each woman has found her way to the Refuge because of a devastating life experience the loss of family and security to revolution emigration or poverty But as they reflect upon their tragedies they also become aware of the community they have formed a community of collective history strength humor and affection And they learn that they are more connected than they know as the murder of a student in the neighborhood reveals how their lives have intersected across generations how securely the past is tied to the present and to the future of their young nation

**Connecting Texas** Gary Scharrer, 2020-02-04 American roads are about destinations They re also about destiny The evolution of the national system of roads in the United States is undeniably linked to our unique history and our past and future successes Today s roads are a long way from the Model T days when bold early contractors used mules and Fresnos to build roads and bridges that literally helped people up out of the mud and across uncrossable rivers Those primitive roads developed back at the beginning of the twentieth century link us to each other today But that story didn t happen over night The legacy of the colorful contractors whose careers intersected with the influential Association of General Contractors provides the basis for Connecting Texas which is rich in personal interviews and present day and historic photographs Gary Scharrer clearly

captures the effect that good roads have had on the Texas and national economy But this longtime reporter also weaves an informed and entertaining narrative that will put readers face to face with the inspirational and larger than life stories of the giants and everyday people who gave Texas a road system that is the envy of the country Millions of us get into our vehicles every day to go to work or school or any number of other places in our daily lives But the majority of us don't think about the roads underneath us We jump in our cars or trucks and off we go But what about the individuals and the hard work and grit that it took and continues to take to build and maintain these essential arteries Most of us generally take it for granted that good roads and bridges are simply a guaranteed fact of everyday life Reading *Connecting Texas* will change these perspectives forever Gary Scharrer spent 43 years as a journalist before landing at the Associated General Contractors of Texas His work on *Connecting Texas* reflects his longstanding interest in highway transportation
