Handbook of Research on Adult Learning in Higher Education Okojie, Mabel C.P.O.,Boulder, Tinukwa C.,2020-02-01 In today's globalized world professional fields are continually transforming to keep pace with advancing methods of practice. The theory of adult learning specifically is a subject that has seen new innovations and insights with the advancement of online and blended learning. Examining new principles and characteristics in adult learning is imperative as emerging technologies are rapidly shifting the standards of higher education. The Handbook of Research on Adult Learning in Higher Education is a collection of innovative research on the methods and applications of adult education in residential, online, and blended course delivery formats. This book will focus on the impact that culture, globalization, and emerging technology currently has on adult education. While highlighting topics including andragogical principles, professional development, and artificial intelligence, this book is ideally designed for teachers, program developers, instructional designers, technologists, educational practitioners, deans, researchers, higher education faculty, and students seeking current research on new methodologies in adult education.

**The Platformisation of Consumer Culture** Alessandro Caliendo, Alessandro Gandini, Lucia Bainotti, Guido Anselmi, 2025-10-01 This book offers a unique methodological guide for social and marketing scholars interested in understanding and using digital methods to explore the processes of platformisation of consumer culture unfolding on digital media. The book introduces the reader to key digital methods, concepts, strategies, and techniques through a set of ad hoc case studies focused on the most prominent digital platforms such as Facebook, Spotify, or TripAdvisor, as well as emerging trends in digital consumer culture such as the consumption of nostalgia, the radicalisation of taste, or ephemeral consumption.

**Learning Ecosystems** Katja Schipperheijn, 2022-09-03 SHORTLISTED Business Book Awards 2023 International Business Book Building and sustaining an organization which is nimble, adaptable, resilient, and future proof is both complex and urgent. Only those with flexible and innovative Learnscapes will succeed. Learning Ecosystems explains how organizations evolve into LearnScapes where learning techniques are aligned with continuous interaction with the ecosystem they are part of. It explains how to upskill and reskill a workforce continuously in an increasingly collaborative and tech-enabled world. Full of practical guidance and strategic advice, this book covers how to take a lifelong approach to learning in the organization and the core competencies needed for this. It explains what to do when building a value and data-driven learning strategy and discusses the symbiosis of people and technology. This book explores lean learning, data analytics, learning technologies including artificial intelligence (AI), and the ethics of using these technologies. There is also crucial guidance on how to take a human-centric approach to innovation. Learning Ecosystems demonstrates the value of continuous improvement and offers techniques for a variety of situations including problem analyses, experimentation, and algorithmic business thinking. Most importantly, it provides guidance on how to build a learning culture and a learning ecosystem throughout the company. Supported by case studies from companies including Etihad Airways, ING, ESF, and FEDEX, this is
