## **Comparative Studies In Republican Latin Imagery:**

*Comparative Studies in Republican Latin Imagery* Elaine Fantham, 1972-12-15 Of all stylistic devices imagery has the greatest appeal to the imagination but is also the most likely to offend either by staleness or by tasteless excess This volume establishes some of the limitations which govern figurative language in Latin speech and prose by exploring such questions as these From what physical or social contexts is Latin imagery derived To what extent is it influenced by the primacy of Greek as a cultural language and the derivation of the earliest Latin literature from Greek models How are the metaphors expressed in terms of syntax through verb noun adjective or a combination of syntactical forms How are the form and content of imagery related to the literary genre In this study Professor Fantham analyses in detail the conservative imagery of Terence and of Cicero's letters contrasting this naturalistic language with the fantasies of Plautus and the formalization of Cicero's speeches A separate chapter on the *de Oratore* shows how the thematic and structural use of metaphor and analogy provide balance and continuity giving Latin prose imagery its full role in a mature classical work of art Numerous illustrative passages from Greek New Comedy Terence Plautus and Cicero are reproduced in the text [Latin Poetry: From the Beginnings Through the End of the Republic: Oxford Bibliographies Online Research Guide](#) Gesine Manuwald, 2010-05 This ebook is a selective guide designed to help scholars and students of the ancient world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In classics as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is just one of many articles from [Oxford Bibliographies Online Classics](#) a continuously updated and growing online resource designed to provide authoritative guidance through the scholarship and other materials relevant to the study of classics [Oxford Bibliographies Online](#) covers most subject disciplines within the social science and humanities for more information visit [www.aboutobo.com](http://www.aboutobo.com) **Roman Eloquence** William J. Dominik, 1997 Rhetoric is once again becoming valued as an essential element in the exploration of the ancient world This volume is part of a general renaissance in the study of rhetoric and draws together established and newer scholars in the field to produce a probing and innovative analysis of the role played by rhetoric in Roman culture Utilizing a variety of critical approaches and methodologies the contributors examine not only the role of rhetoric in Roman society but also the relationship between rhetoric and Rome's major literary genres *Roman Eloquence* emphasizes the theory and practice of rhetoric in a variety of social political and literary contexts

and reveals the important role played by rhetoric in the formation of the various genres of literatures      Eros at Dusk Katherine Wasdin, 2018-05-25 Eros at Dusk analyses the relationship between wedding poetry and love poetry in the ancient world These two genres share and borrow themes to seduce brides as if they were beloveds and to praise mistresses as if they were brides demonstrating deep seated ancient notions about legitimate and illegitimate sexual relationships      **Latin Literature** Gian Biagio Conte, 1999-11-19 This history of Latin literature offers a comprehensive survey of the 1000 year period from the origins of Latin as a written language to the early Middle Ages It offers a wide ranging panorama of all major Latin authors      *Arctos* ,1999      **Tacitus the Sententious Historian** Patrick Sinclair, 1995 A study of Greek and Latin rhetorical and historical culture centering on the Roman historian Tacitus and his use of aphorisms and maxims known as sententiae More than any other single rhetorical device in Latin oratory and literature the sententia is the supreme expression of the self image of Rome during the imperial period the Principate Whether one defines sententia as a generalizing maxim or a prose epigram its importance in Roman rhetoric literature and public life during the early Principate indicates that it is a literary form intimately connected with the unique social code of that period An illuminating example of the skillful use of sententiae is found in the Roman historian Tacitus s narration of the history of Emperor Tiberius A D 1437 in Books 1-6 of the *Annales*      **Strategies of Self-representation in Cicero's De Oratore** Michael W. Lundell, 2002

Near Eastern Royalty and Rome, 100-30 BC Richard D.
