Competitive Elections In Developing Countries At The Polls Series

Karl H. Cerny

Competitive Elections In Developing Countries At The Polls Series:

Competitive Elections in Developing Countries Myron Weiner, Ergun Özbudun, 1987 This is the latest in the At the Polls series in which Duke University Press has joined with the American Enterprise Institute for Public Policy Research to publish studies on the electoral process as it functions around the world Cited by Choice for its high standard of scholarly analysis and objectivity the series provides both a chronicle of events and a thorough analysis of the election results **Germany at the Polls** Karl H. Cerny, 1990 This volume provides systematic information on the campaigns political parties and results of the Bundestag elections of 1980 1983 and 1987 It explores the issues between elections in addition to providing an overview of the campaigns and an analysis of the three election results The contributors examine the various parties involved the Christian Democratic Union Christian Social Union the Social Democratic Party the Free Democratic Party and the Greens They also analyze the role of the media in the 1980 and 1983 campaigns Cerny concludes with a general assessment of the wider significance of the three elections for the West German political system Contributors Kendall L Baker Karl H Cerny David P Conradt Arthur B Gunlicks Alice McGillivray Peter H Merkl Ferdinand Muller Rommel Helmut Norpoth Richard M Scammon Donald Schoonmaker Christian Soe *Ireland at the Polls, 1981, 1982, and 1987* Howard Rae Penniman, Brian Farrell, 1987 Ireland at the Polls 1981 1982 and 1987 A Study of four General Elections is another in the series of national election studies prepared by the American Enterprise Institute for Public Policy Research AEI Books in the series include volumes on some thirty national democratic elections around the world Distinguished foreign and American scholars have contributed to the studies Canada at the Polls, 1984 Howard Rae Penniman, 1988 Introduction John Meisel The flexible Canadian electorate Lawrence Leduc Choosing new party leaders R Kenneth Carty Opportunity regained the Tory victory in 1984 George C Perlin The Dauphin and the doomed John Turner and the Liberal party's debacle Stephen Clarkson The New Democratic party in the 1984 federal general election J Terence Morley The 1984 federal general election and developments in Canadian party finance Khayyam Z Paltiel The media and the 1984 landslide Frederick J Fletcher Reinventing the brokerage wheel the Tory success in 1984 John C Courtney The International Almanac of Electoral History Thomas T. Mackie, Richard Rose, 2016-07-27 The International Almanac is the only up to date source for the history of election results in the Western world from their origins to the present It provides clear and authoritative information for 25 different countries ranging alphabetically from Australia to the USA and geographically across four continents including Japan and new Mediterranean democracies as well as old Anglo American and Scandinavian democracies Each chapter gives a comprehensive list of all parties that have contested one or more elections its vote at each election and percentage share of the poll and the number of seats won in the national assembly The results have been checked from original sources in more than 15 languages The new edition of the Almanac brings election results up to date and incorporates fresh materials from historical research while retaining the features that have made the volume the authoritative book on elections

Democracy and Governance Dan Turello,1998

Grassroots Elections in China Kevin O'Brien,Suisheng

Zhao,2014-07-22 Twenty years after the launch of village elections the time is ripe to assess the progress and impact of China's most notable political reform Where have elections been conducted well and where have they been conducted poorly How have procedures changed over the years and have elections truly transformed how power is exercised in the countryside What methods are researchers employing to study elections and how have scholars from different disciplines contributed to our knowledge of grassroots politics in China This book carefully examines the implementation and effects of China's village township and people's congress elections both in terms of democratizing the polity and spurring other changes in state society relations The chapters in this book have been published across several issues of the Journal of Contemporary China

Italy at the Polls, 1983 Howard Rae Penniman,1987 In this book of the At the Polls series Duke University Press has joined with the American Enterprise Institute for Public Policy Research to publish studies on the electoral process as it functions around the world Cited by Choice for its high standards of scholarly analysis and objectivity At the Polls provides both a chronicle of events and a thorough analysis of the elections results *Books in Series, 1876-1949* R.R. Bowker Company,1982 Elections and Voting Behaviour Pippa Norris,1998 This series brings together the most significant journal articles to appear in the field of comparative politics over the past 30 years The aim is to render readily accessible to

teachers researchers and students an extensive range of essays which together provide an indispensable basis for understanding both the established conceptual terrain and the new ground being broken in the rapidly changing field of comparative political analysis **PAIS Bulletin** ,1987 **Campaigns and Elections** Kanti Shukla,2025-01-03 Campaigns and Elections A Simple Guide provides a clear and concise overview of politics elections and the importance of campaigns We explore how elections occur the code of conduct qualities of a good leader and how politicians address regular challenges to improve their country or region Our book covers the types of elections and the election process highlighting the significance of women's participation in breaking stereotypes and contributing to the welfare of society We describe how elections and campaigns take place their main concepts and the role of media as a mediator between the public and political parties We focus on key concepts such as election types participation and registration of political leaders and parties the election process in different countries campaign strategies and the importance of voters voting and polling Additionally we emphasize the qualities of a deserving leader This book offers a comprehensive understanding of elections and politics on a global scale promoting freedom cultural diversity economic development and public welfare *A Comparative Introduction to Political Science* Robert J. Jackson,Doreen Jackson,1997 Globally oriented this thoughtfully executed book presents the concepts frameworks and interpretative tools for understanding the diverse range of political systems at work in our world today from democratic to authoritarian Prompting readers to ask What constitutes good government and how it can be achieved it introduces the dynamic worlds of political science politics and government examines theories and methods of comparison

and international relations and focuses on both domestic and global factors in promoting change Introducing the ideas which form the basis of political science it compares culture ideology constitutions government institutions public administration elections and parties and interest groups among the world s 192 states Exploring both international and domestic factors in politics it discusses recent controversies such as the strategic environment disarmament North South Politics human rights environmental economic and health questions Chapters are organized to help readers learn to appreciate the rigorous relationship between concepts and empirical analysis pairing a more general chapter is followed by an empirically oriented chapter concerning all democratic and authoritarian countries For those beginning work in the fields of civics politics government and international affairs Taiwan's 2004 Legislative Election John Franklin Copper,2004 **The Pakistani**

Voter, Electoral Politics and Voting Behaviour in the Punjab Andrew Wilder,1999 A study of voting behaviour in Pakistan Beginning by outlining Pakistan s electoral history it then proceeds to analyze voting behaviour in Pakistan s most populous and politicaly powerful province the Punjab The book argues that the main underlying determinant of voting behaviour in the Punjab is voter perception of which candidate and party will be the most effective at delivering patronage

Political Budget Cycles in New Versus Established Democracies Adi Brender,Allan Drazen,2004 Like other recent studies we find the existence of a political deficit cycle in a large cross section of countries However we find that this result is driven by the experience of new democracies The strong budget cycle in those countries accounts for the finding of a budget cycle in larger samples that include these countries when these countries are removed from the larger sample so that only established democracies remain the political budget cycle disappears The political deficit cycle in new democracies accounts for findings in both developed and less developed economies for the finding that the cycle is stronger in weaker democracies and for differences in the political cycle across governmental and electoral systems Our findings may reconcile two contradictory views of pre electoral manipulation one arguing it is a useful instrument to gain voter support and a widespread empirical phenomenon the other arguing that voters punish rather than reward fiscal manipulation NBER website **The Mirror** Eben C. Sam,2005-03-05 **Technology and Development** ,2007 **Democracy and Social**

Policy Yusuf Bangura,2007-10-17 This book examines the complex relations between democracy and social policy Economic development is a necessary but not sufficient condition for welfare development In industrial democracies differences in the reach and organization of unions presence of Left parties in government and social pacts account for much of the variation in welfare provision among countries Social security is limited in democracies with low levels of industrialization even though some countries with a social democratic orientation seem to have done well Traditions of political rights improvements in electoral competitiveness and a pro active judiciary may empower social movements to pressure governments in low income democracies to introduce progressive social reforms Comparative Government Robert J. Jackson,Doreen Jackson,1997

Competitive Elections In Developing Countries At The Polls Series Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has been apparent than ever.
