

EMAIL LIST BUILDING TIPS

If you don't have an email list, **NOW** is the time to start building one

STEP 1:

Identify what your subscriber wants and create your initial optin "gift".

STEP 2:

Create a simple optin page, also known as a landing page, squeeze page etc. In its simplest form, an optin page will have a headline, a brief description of the offer and a form.

STEP 3:

Create a subscription FORM. Your email software will allow you to create a simple webform in which people can enter their email address along with any other information you want to collect.

STEP 4:

Post your optin page and test it.

STEP 5:

Drive traffic and track your conversions. This will give you the numbers you need to determine how much you can afford to pay for traffic.
