Youth and Employment in Sub-Saharan Africa Hiroyuki Hino, Gustav Ranis, 2014-06-05 It is widely acknowledged that youth unemployment is one of the most critical challenges facing countries in Sub Saharan Africa This volume brings together an eminent group of international scholars to analyse the extent and complex nature of this joblessness and offer a set of evidence based policy choices that could contribute to solving the problem in the short and long run Part I reviews the existing literature on youth unemployment and underemployment in Sub Saharan Africa from microeconomic and macroeconomic perspectives while Part II goes on to present detailed country studies of Ethiopia Ghana Kenya and South Africa These studies offer a deep understanding of the situation on the ground and consider country specific solutions Throughout the book it is argued that the standard ILO definition of unemployment is too narrow to correctly portray employment situations in Sub Saharan Africa Several alternative measures of unemployment are presented which show that joblessness is far more pervasive than commonly assumed in the literature This volume will be of interest to academics and policy makers involved in African development

The Status of Youth in Agrifood Systems Food and Agriculture Organization of the United Nations, The

world's agrifood systems stand at a crossroads. With 1.3 billion youth globally, the future of food livelihoods and economic resilience depends on their participation in agrifood systems. At the same time, agrifood systems need youth to drive productivity, innovation, and sustainability in a crucial and rapidly evolving sector. FAO's *The Status of Youth in Agrifood Systems* report is a call to action. It presents the most comprehensive evidence-based analysis of youth in agrifood systems to date, highlighting both the opportunities and structural barriers that shape their engagement. It explores how transforming agrifood systems can enhance decent job opportunities and food security for youth and how empowered youth can drive this transformation. It concludes by highlighting policy recommendations and areas of investments to foster more equitable and sustainable agrifood systems where rural youth are both beneficiaries and leaders of change.

4-Gen Leadership Mark White, Sami Scarpitti, 2024-12-06. *4 Gen Leadership: Thriving in a Multi-Generational Workplace* is a practical guide for those aspiring to be multi-generational leaders in today's evolving business landscape. 4-gen leadership is the philosophy and actions leaders can take to help all generations—baby boomers, Gen X, millennials, and Gen Z—be accepted, honored, and united into one effective, harmonious team. The authors have created a resource that leaders across every industry at all levels of leadership will find useful. This book helps established and emerging leaders understand the generations in their workforce and how to bridge the new generation gaps in their organizations. Each chapter contains reflective questions to help the readers apply the book's concepts to their work environment; a section titled *Voices from the Generations* which shares insightful views from one of the many successful leaders interviewed for the project; a *Real World Connection* segment which is a scenario in which the readers see how a hypothetical problem might be solved by using a multi-gen leadership lens; and finally, an activity worksheet that points readers toward the next steps they can take to strengthen their multi-gen leadership skills and the culture.
