Perspective Agents Chris Perry,2024-01-15 A guidebook for anyone looking to comprehend and prosper in the new world order In the age of autonomy two parallel revolutions are unfolding The first is a technological uprising in which machines and algorithms achieve an unprecedented level of independence Automation and AI will transform industries altering the fabric of our economy and society But this technological tide is more than a force of disruption it s a harbinger of a new way of thinking and living The parallel revolution is deeply human and even more profound As traditional structures crumble a new sense of human autonomy emerges allowing us to find meaning and direction in unexpected ways Perspective Agents delves into this complex dance between machine and man challenging us to adapt to and thrive in this new era Drawing from extensive research interviews and personal experience communications consultant Chris Perry explores The problem with using conventional wisdom to make sense of new realities How the predominant technologies of an era shape new values norms and behaviors The pioneering mindsets models resources and strategies vital to future success Through an unflinching examination of both technological and human evolution this book encourages readers to harness the potential of the Autonomous Age see the world anew through new sources and forge a path for professional and personal growth

Think Bigger Michael W. Sonnenfeldt,2017-08-15 What does it take to succeed today both personally and professionally In looking for answers one obvious place to start would be to talk to self made men and women who themselves are successful That s exactly what Michael W Sonnenfeldt an accomplished entrepreneur has done here in this ground breaking book Drawing on the wisdom insight and experience of members of TIGER 21 The Investment Group for Enhanced Results in the 21st Century and supplementing that with additional research and interviews Sonnenfeldt offers real world guidance and often counter intuitive advice and conclusions Among the things you ll learn are Why grit and focus trump intelligence just about every time Why having and listening to a wise mentor will create shortcuts to getting more done What you need to do to avoid getting in your own way And why Shirtsleeves to shirtsleeves in three generations can be avoided by taking some simple commonsense steps Think BIGGER will inspire you no matter where you are in your business career It will also show you that the skills you use to grow wealth can be applied to making the world a better place Your success can benefit others Michael W Sonnenfeldt is the founder and chairman of TIGER 21 the premier peer to peer learning network for high net worth first generation wealth creators in North America and London He is an accomplished serial entrepreneur philanthropist and most excited that all of his proceeds from this book will support the TIGER 21 Foundation for young entrepreneurs

Globalisation, Commodification and Cultural Production in Africa Kathrin Schmidt,2023-12-04 This book engages with contemporary cultural production in Africa focusing on theatre in Sierra Leone as main case study The author provides coverage of and insights into such themes as cultural globalisation commodification the global creative economy culture and development international relations and contemporary cultural production in Sierra Leone within the context of

local and global flows of people media images technologies finance and ideas Combining the analysis of theatre in Sierra Leone and its aesthetics with its policy structural and institutional context this book highlights in much detail and nuance the interconnectedness between the micro and the macro levels of cultural production between the local and the global and between aesthetics politics policy governance structures and institutions This book links the particular findings from the author s fieldwork to larger issues of contemporary local cultural production within the context of globalisation commodification and decolonisation adds a postcolonial perspective to existing theories and approaches to cultural production management and policy which is still largely missing from the existing discourse and also contributes to addressing the gap in the knowledge about the context of contemporary cultural productions in diverse African contexts This book will be particularly useful for both theatre scholars with an interest in the political economy of theatre and more broadly those seeking to understand the nuanced challenges and opportunities faced by policymakers artists and arts managers to embrace the cultural and creative industries in this context It also offers excellent insights for policymakers who wish to improve their understanding and interventions beyond superficial best practice snippets and simplified success stories

Making Value Timothy D. Taylor, 2024-03-18 Timothy D Taylor theorizes music s economic and noneconomic forms of value to examine how people s conceptions of value inform and shape their production and consumption of music
