The Focal Handbook of Commercial Photography Gerry Kopelow, 1998 The Focal Handbook of Commercial Photography is a contemporary and pragmatic guide to professional practice and career planning that will help both aspiring

and established photographers make appropriate choices in the face of the ongoing changes in this industry. Successful photographers must possess or at least appreciate many skills: artist, entrepreneur, accountant, designer, carpenter, chemist, creative director, keyboard wizard, and futurist. They practice elements of a two hundred year old technology while learning new technologies that are only minutes old. This handbook will help commercial photographers succeed by providing an overview of business and technical strategies together with information to help interpret and apply new developments in the field. Discussing such topics as managing your studio and your business as well as assistants, equipment, lighting, shooting techniques, and situations, darkrooms, marketing, and pricing, this handbook will offer many practical hints on making more money in less time with less effort.
