## **Compass A Story Of Exploration And Innovation:**

Compass Alan Gurney,2016-04-18 The compass's rocky evolution is charted with an enthusiast's passion A fascinating adventure Bernadette Murphy Los Angeles Times This is the rich history of the most important navigational device of all time the magnetic compass born of the need for a reliable means of negotiating treacherous sea routes around the globe Compass chronicles the misadventures of those who attempted to perfect the instrument so precious to sixteenth century seamen that by law any man found tampering with one had his hand pinned to the mast with a dagger Part history part adventure this book is a compelling tribute to human ingenuity and the mysteries of the sea

**The Enigma of the Origin of Portolan Charts** Roel Nicolai,2016-05-30 The sudden appearance of portolan charts realistic nautical charts of the Mediterranean and Black Sea at the end of the thirteenth century is one of the most significant occurrences in the history of cartography Using geodetic and statistical analysis techniques these charts are shown to be mosaics of partial charts that are considerably more accurate than has been assumed Their accuracy exceeds medieval mapping capabilities These sub charts show a remarkably good agreement with the Mercator map projection It is demonstrated that this map projection can only have been an intentional feature of the charts construction Through geodetic analysis the author eliminates the possibility that the charts are original products of a medieval Mediterranean nautical culture which until now they have been widely believed to be
