APRIL 1, 1997**, 1998 *Introduction to United States Government Information Sources* Joe Morehead, 1999-08-15 Whether used as a text for library and information science students as a resource for professional librarians needing to access the information produced by or for the federal establishment or as a guide for researchers this acclaimed title is an essential resource and a valuable tool guiding readers through the vast and constantly changing terrain of government information in print and electronic forms Morehead describes administrative machinery and information systems of the Government Printing Office GPO introduces general checklists indexes and guides to government information describes the Congress and intrinsic sources that comprise the legislative process and details many other government publications Morehead provides a broad overview of public access issues giving special attention to the impact of electronic formats notably the Internet s World Wide Web on the dissemination of federal government information He then describes administrative machinery and information systems Compendium of Budget Accounts: Fiscal Year 1998 General Accounting Office, 1997

Forthcoming Books Rose Army, 1998-06 Compendium of Budget Accounts United States. General Accounting Office, 1997 Each year the President is required by law to submit a budget to Congress In effect the President s budget analyzes and compiles separate presentations for hundreds of budget accounts covering all fiscal activities of the federal government including such off budget accounts as the Social Security Trust Funds and the Postal Service Fund The budget comprises a wealth of information in a daunting array of schedules tables graphs and narrative summaries The comprehensiveness of the President s budget is its main strength but it also accounts for its most obvious weaknesses its sheer size and complexity For example for fiscal year 1998 the President s budget spans six volumes and more than 2 400 pages This compendium provides users with a convenient way to sort through the fiscal structure of the federal government and to determine the level of budgetary resources used estimates or requested by fiscal year for individual accounts
