The Ultimate Long-Distance Dads Guide Drs. Danny R. Andreas Msc., 2025-05-15 I've lived it myself. I wrote this book to share the knowledge I wish I'd known ten years ago before I became a distance dad before the legal battles and before parental alienation began. It would have saved me so much time, energy, sanity, and money. You can't always be near your child. But that doesn't mean you can't still be their dad. Read this book if you want to build bonds that distance, legal obstacles, or parental alienation can't break. Own Fatherhood: It Matters Today. Through research and trial and error, I developed strategies across many areas that actually work. The close bond my child and I share today despite all the odds is living proof of that. My book is filled with practical, easy-to-follow tips you can apply right away. It's not rocket science. In fact, you'll see much of it is just common sense. Some of the things you'll learn: Parent your child positively and effectively even from afar. Build and keep a meaningful bond at each developmental stage. Use tech and smart tricks to turn boring video calls into engaging moments. Handle legal battles and parental alienation as a divorced or long-distance dad. Save money on legal fees, travel, and gifts. You don't need permission to be a dad. You just need the right knowledge and tools. Let this guide help you become the dad your child remembers and respects, no matter the circumstances.
