**Future Titans** Daniel Idfresne, Jaida Sahin, Hissam Effendi, Ethan Castro, 2021-08-28. I could not just sit around during this famine of inspiration. Aspirations in the Gen Z community. I decided to write an actionable inspirational book with some of my friends from one of the smartest schools in America. A book FOR TEENS BY TEENS.

Credibility in Relatability If you are a teen looking to improve yourself those around you this is for you If you are a parent or teacher and you want to help kids but don't know how here you go This book was written during the Covid 19 Pandemic so I doubt it gets any more recent relevant realistic than this Instead of waiting to get a degree or be qualified to write a book I thought it would be more efficient to write one while I look like act like and sound like my target readers instead of being detached and trying to relate The goal for readers after reading this is to have more clarity intent urgency motivation independence and understanding when going through life Teenagers typically wander around inhaling exhaling waiting for something to trigger them to be adults or self sufficient human beings well I think this can play that part The goal is for every single teenager to be able to and actually take something away from this and apply it regardless of their current financial situation what school they go to their past their present their perceived future their external circumstances their internal circumstances or whatever else I want to play a part in making as many Future Titans as I possibly can hopefully this acts as a positive contribution towards that goal Cheers my fellow soon to be Titans
