Democracy Education And Governance A Developmental Conception Suny Series Global Conflict And Peace Education:

Democracy, Education, and Governance Dale T. Snauwaert, 1993-01-01 The restructuring of school governance especially in urban school districts is fundamental in current educational reform This book provides a model of school governance based upon participatory democracy derived from the developmental tradition in political theory The result is a system of governance that is fundamentally integrated in that it is simultaneously participative communicative associative and nonviolent as well as sensitive to the need for collective democratic deliberation concerning community wide interests This model is critically compared to the bureaucratic model of school governance and current school based management plans
