Knowledge Management Jennifer A. Bartlett, 2021-05-15. While librarians and information professionals are experts at providing resources to users, managing their own internal working knowledge and information can be a challenge. As information environments continue to become more complex, librarians and other information professionals must build on the existing expertise and skills within their organizations to keep them relevant to the information needs of their patrons and communities. Knowledge management (KM) is an intentional set of strategies intended to capture, preserve, and use human knowledge from employees to further the goals of an organization. *Knowledge Management: A Practical Guide for Librarians* will help librarians recognize, organize, communicate, and leverage both the tacit and explicit knowledge already in their organizations for the benefit of themselves and their users.

Topics covered include Why knowledge management is important in libraries and information organizations The knowledge management lifecycle capturing organizing storing sharing and updating knowledge Capturing tacit and explicit knowledge and getting staff buy in Tools and methods for recording and developing organizational information flow Facilitating the transfer of organizational knowledge and expertise Promoting knowledge innovation and learning Knowledge Management is intended to help individual librarians and library managers in all library settings academic public school special etc to think critically about their existing knowledge management environments with an eye toward improving existing procedures or implementing a KM program This guide will provide readers with basic background information and useful targeted exercises and examples to help them develop knowledge management programs in their own organizations *Virtual Team Management Study Guide* Cybellium, Welcome to the forefront of knowledge with Cybellium your trusted partner in mastering the cutting edge fields of IT Artificial Intelligence Cyber Security Business Economics and Science Designed for professionals students and enthusiasts alike our comprehensive books empower you to stay ahead in a rapidly evolving digital world Expert Insights Our books provide deep actionable insights that bridge the gap between theory and practical application Up to Date Content Stay current with the latest advancements trends and best practices in IT AI Cybersecurity Business Economics and Science Each guide is regularly updated to reflect the newest developments and challenges Comprehensive Coverage Whether you re a beginner or an advanced learner Cybellium books cover a wide range of topics from foundational principles to specialized knowledge tailored to your level of expertise Become part of a global network of learners and professionals who trust Cybellium to guide their educational journey www.cybellium.com *Workforce shortage in a digital era. Can 100% remote work attract more qualified candidates?* Huong Hoang Thien, 2023-05-25 Master s Thesis from the year 2023 in the subject Leadership and Human Resources Recruiting grade 1 0 language English abstract What will happen if there aren t enough talents to fill the market in the future due to the demographical change This study focuses on the potential of offering 100% remote work to counteract the workforce shortage in Germany An empirical study has been conducted as an online survey to gain an overview of Germany s 100% remote job market In a fast changing world digital transformation has become an evitable process for companies to adapt to new technologies and market trends The digital transformation in Germany has been significantly impacted by the COVID 19 pandemic positively and negatively On the one hand the pandemic forced German companies to embrace new technology more quickly and adapt to remote work However on the other hand it pointed out Germany s weaknesses in digital infrastructures and cybersecurity Additionally many German companies face a shortage of workers due to digital transformation Another reason that causes workforce shortage is demographical change Companies cannot operate their business correctly increase revenue or drive innovations to survive in a competitive market without suitable candidates Furthermore the digital revolution shaped the current digital generations as potential workers exhibit different digital behaviors and preferences Therefore companies must know them

and their work preferences to fill the workforce shortage gap Remote working as a sub trend of the mega trend New Work has become the new standard for workers especially since the pandemic However there aren t any specific regulations regarding remote work in Germany yet In general remote work provides workers e g more freedom and a better work life balance Nevertheless remote work also has the downside such as workers experiencing isolation and loneliness due to the lack of social contact with co workers less productivity outside of the office etc For companies offering remote work gives them complete access to the talent pools including freelancers as external workers reducing costs due to fewer offices being more attractive to job seekers But on the other side remote leadership has become a big challenge for leaders Furthermore companies have to deal more with cyber security When everything s going remotely companies have become an easier target of cyber attacks
