Defending Wild Washington Edward A. Whitesell, 2004 Inspiring the next generation How to lead an effective grassroots environmental campaign in Washington state Walking the Big Wild Karsten Heuer, 2005-01-01 Walking the Big Wild is the story of Karsten Heuer's extraordinary 18 month journey of hiking skiing and paddling across 2100 miles of mountains forests and rivers from Yellowstone National Park in Wyoming to the Canadian Yukon Accompanied by occasional human companions and a remarkable border collie named Webster Heuer encountered immense challenges storms avalanches floods and grizzlies At the end of the journey Heuer proved that there is nearly continuous wilderness that can support wildlife along the length of the Rockies and is salvageable if the right decisions are made now Karsten Heuer has worked as a wildlife biologist and park warden in Banff National Park in the Rockies in Inuvik in Canada's far north and in the Madikwe Game Reserve in South Africa **Saving Washington's Working Forest Land Base Forum**, 2005 **Defending the Arctic Refuge** Finis Dunaway, 2021-04-12 Tucked away in the northeastern corner of Alaska is one of the most contested landscapes in all of North America the Arctic National Wildlife Refuge Considered sacred by Indigenous peoples in Alaska and Canada and treasured by environmentalists the refuge provides life sustaining habitat for caribou polar bears migratory birds and other species For decades though the fossil fuel industry and powerful politicians have sought to turn this unique ecosystem into an oil field Defending the Arctic Refuge tells the improbable story of how the people fought back At the center of the story is the unlikely figure of Lenny Kohm 1939 2014 a former jazz drummer and aspiring photographer who passionately committed himself to Arctic Refuge activism With the aid of a trusty slide show Kohm and representatives of the Gwich'in Nation traveled across the United States to mobilize grassroots opposition to oil drilling From Indigenous villages north of the Arctic Circle to Capitol Hill and many places in between this book shows how Kohm and Gwich'in leaders and environmental activists helped build a political movement that transformed the debate into a struggle for environmental justice In its final weeks the Trump administration fulfilled a long sought dream of drilling proponents leasing much of the Arctic Refuge coastal plain for fossil fuel development Yet the fight to protect this place is certainly not over Defending the Arctic Refuge traces the history of a movement that is alive today and that will continue to galvanize diverse groups to safeguard this threatened land **Conservation Directory 2000** National Wildlife Federation, 1999 The Lyons Press is proud to present the forty fifth annual edition of the National Wildlife Federation's Conservation Directory of U.S. and international organizations and agencies working to protect the environment the most vital resource of its kind Included are members of the United States Congress government agencies citizens groups educational institutions databases services periodicals and other directories federally protected conservation areas indexes and more This annual directory is essential for colleges and universities libraries environmental activists students outdoor writers science editors natural resource agencies those seeking employment in the field of conservation researchers and all individuals interested in wildlife and
