Redefining Propaganda in Modern China James Farley, Matthew D. Johnson, 2020-11-19 Usage of the political keyword propaganda by the Chinese Communist Party has changed and expanded over time These changes have been masked by strong continuities spanning periods in the history of the People's Republic of China from the Mao Zedong era 1949-76 to the new era of Xi Jinping 2012 present Redefining Propaganda in Modern China builds on the work of earlier scholars to revisit the central issue of how propaganda has been understood within the Communist Party system What did propaganda mean across successive eras What were its institutions and functions What were its main techniques and themes What can we learn about popular consciousness as a result In answering these questions the contributors to this volume draw on a range of historical cultural studies propaganda studies and comparative politics approaches Their work captures the sweep of propaganda its appearance in everyday life as well as during extraordinary moments of mobilization and demobilization and its systematic continuities and discontinuities from the perspective of policy makers bureaucratic functionaries and artists More localized and granular case studies are balanced against deep readings and cross-cutting interpretive essays which place the history of the People's Republic of China within broader temporal and comparative frames Addressing a vital aspect of Chinese Communist Party authority this book is meant to provide a timely and comprehensive update on what propaganda has meant ideologically operationally aesthetically and in terms of social experience

Violence and Dystopia Daniel Cojocaru, 2015-09-18 Violence and Dystopia is a critical examination of imitative desire scapegoating and sacrifice in selected contemporary Western dystopian narratives through the lens of Ren Girard's mimetic theory The first chapter offers an overview of the history of Western utopia dystopia with a special emphasis on the problem of conflictive mimesis and scapegoating violence and a critical introduction to Girard's theory The second chapter is devoted to J.G. Ballard's seminal novel Crash 1973 Chuck Palahniuk's Fight Club 1996 and Rant 2007 and Brad Anderson's film The Machinist 2004 It is argued that the car crash functions as a metaphor for conflictive mimetic desire and leads to a quasi-sacrificial crisis as defined by Girard for archaic religion The third chapter focuses on the psycho-geographical writings of Iain Sinclair and Peter Ackroyd Walking the streets of London the pedestrian represents the excluded underside of the world of Ballardian speed The walking subject is portrayed in terms of the expelled victim of Girardian theory The fourth chapter considers violent crowds as portrayed by Ballard's late fiction the writings of Stewart

Home and David Peace's GB84 2004 In accordance with Girard's hypothesis the discussed narratives reveal the failure of scapegoat expulsion to restore peace to the potentially self destructive violent crowds The fifth chapter examines the post apocalyptic environments resulting from failed scapegoat expulsion and mimetic conflict out of control as portrayed in Sinclair's Radon Daughters 1994 Margaret Atwood's The Handmaid's Tale 1985 and Oryx and Crake 2003 and Will Self's The Book of Dave 2006

Us and Them: The Authorised Story of Hipgnosis Mark Blake, 2023-02-02 Hugely entertaining history Mojo Between the late 60s and early 80s design house Hipgnosis created some of the most iconic and ubiquitous album artwork of all time Their original lifespan coincided with the golden age of the 12 inch LP beginning just as the Beatles Sgt Pepper made the record sleeve the ultimate blank canvas and ending just as new technology looked set to usurp vinyl Having originally been approached to design an album cover for their friends Pink Floyd students Aubrey Po Powell and Storm Thorgerson would go on to define the visual identity of rock and roll for the next fifteen years swiftly gaining international prominence for their famed The Dark Side of the Moon artwork This paved the way for other major musicians to set foot in the surreal photo design world of Storm and Po resulting in seminal Hipgnosis creations for the likes of Led Zeppelin Paul McCartney Genesis Black Sabbath ELO and Yes In this authorised account with access to previously unpublished material and exclusive contributions from David Gilmour Jimmy Page Peter Gabriel Roger Waters Robert Plant and even Aubrey Powell himself Mark Blake goes behind the scenes of the Hipgnosis partnership to reveal the pioneering ambition and grand vision that led to their success as well as the clashing egos and artistic differences that undermined it The Hipgnosis story also offers hitherto untold insight into some of music's most legendary bands as viewed through the prism of the people who shaped their imagery and cultural legacy With the work of Hipgnosis continuing to be referenced reproduced and revered worldwide Us and Them serves as a celebration a cautionary tale and a compelling human drama exploring the vital intersection between art and music
