Delineating Wales Constitutional Legal And Administrative Aspects Of National Devolution:

Delineating Wales Richard Rawlings, 2003 A critical evaluation of the constitutional legal and administrative aspects of devolution in Wales comprising comments on the defects of the present governmental regime and an examination of possible new developments based on extensive research following the first term of the National Assembly of Wales with explanatory textual notes

The Constitutional Legitimacy of Law Officers in the United Kingdom Conor McCormick, 2022-07-14 This book provides a detailed account of each law officer's functions and draws on that account as the basis for a conceptual analysis of their constitutional legitimacy In recent years the constitutional legitimacy of law officers has been questioned repeatedly because of recurring controversies surrounding the discharge of their varied functions Indeed it has become increasingly clear that those functions enable law officers to play a highly influential part in the regulation and exercise of public power throughout the United Kingdom McCormick argues that the most persuasive framework for analysing the offices which make up this diverse regime involves concentrating on the constitutional values of independence accountability and trust which underpin it Both aspects of the book namely the explanation of individual functions and the conceptual analysis of collective legitimacy are written in a holistic way which encompasses critical analyses about the Attorney General and Solicitor General for England and Wales the Counsel General for Wales the Lord Advocate Solicitor General and Advocate General for Scotland as well as the Attorney General and Advocate General for Northern Ireland

The State of the Nations 2008 Alan Trench, 2017-05-24 The State of the Nations 2008 Into the third term of devolution in the United Kingdom is the sixth publication of a major research programme into devolution in the United Kingdom published on behalf of the Constitution Unit at University College London The focus of this volume is on the devolved elections of May 2007 analyzing the outcome in terms of both the immediate aftermath and longer term implications In particular it will consider influences on policy making finance the UK Parliament and the resolution of intergovernmental disputes This book replaces the previously announced volume The State of the Nations 2007

Devolution, Law Making and the Constitution Robert Hazell, Richard Rawlings, 2005 Law making is a primary function of government and how well the three devolved UK legislatures exercise this function will be a crucial test of the whole devolution project This book provides the first systematic study and authoritative data to start that assessment It represents the fruits of a four year collaboration between top constitutional lawyers from Scotland Wales and Northern Ireland and leading researchers in UCL's Constitution Unit The book opens with detailed studies of law making in the period 1999-2004 in the Scottish Parliament and the Assemblies in Wales and Northern Ireland and how they interact with Westminster Later contributions look at aspects of legislative partnership in the light of the UK's strongly asymmetric devolutionary development and also explain the unexpected impact of devolution on the courts Individual chapters focus on various constitutional aspects of law making examining the interplay of continuity and change in political legal and administrative practice and the competing pressures for convergence and

divergence between the different parliaments and assemblies This book is essential reading for academics and students in law and in politics and for anyone interested in the constitutional and legal aspects of UK devolution not least the practitioners and policymakers in London Edinburgh Cardiff and Belfast

Women, Politics and Constitutional Change Paul

Chaney, Fiona Mackay, Laura McAllister, 2007 Female activists around the globe have long used the political opportunities afforded by constitutional reform to further gender equality and women's participation in politics. This timely and accessible volume addresses the way in which changes introduced by devolved governance in Wales have transformed the role of women in contemporary Welsh politics and presented a new phase in the history of Welsh women's activism. Based on original interviews with participants as well as a range of secondary sources, *Women Politics and Constitutional Change* examines the innovations, background and effects that have led the new Welsh legislature to the second highest proportion of women representatives in all of Europe and the pro-devolution rhetoric of inclusiveness that opened the way. *Placing the Nation* Rhys Jones, Carwyn Fowler, 2008 Rather than viewing nationalism as something that exists purely on a national scale, *Placing the Nation* examines how the importance of people embedded within particular places contributes to nationalism's cultural reproduction. Articulating this theme by examining the contributions of Aberystwyth citizens to the reproduction of Welsh nationalism since the 1960s, this volume demonstrates how national discourses and practices are generated within specific locales and then communicated to the broader membership of the nation. This wide-ranging and rich account reenergizes both our geographical and social constructions of nationalism's changing conceptions. *Language and Governance* Colin H. Williams, 2007 This fascinating book examines the relationship between language and governance in Europe and Canada, dealing with theoretical debates, constitutional changes, political trends and language initiatives. The contributors are international specialists, key decision makers and heads of civil servant departments charged with the implementation of language policy in Canada and also various countries such as Wales and Ireland. The volume combines a fascinating amalgam of academic scrutiny and first-hand knowledge of the intricacies of promoting official and lesser-used languages in Canada and parts of the EU. The volume is divided into four parts: Languages in Social and Political Context; Comparing Legislative and Institutional Frameworks; Assessing Policies and Programmes; and Devolution, Federalism and the Empowerment of Linguistic Communities. **Revitalizing Democracy?** Elin Royles, 2007 Devolution or home rule is the transfer of power from a more centralized form of government to one that is of a local or regional nature. This book-length study examines the impact of the devolution from British rule on Welsh civil society during the Welsh Assembly's first term from 1999 to 2003. Comprehensive theoretical examination is paired with case-based research in order to discuss the relationship between civil society, democracy and national identity and to question whether civil society contributes to promoting a stronger sense of Welsh national identity. Essential reading for all those interested in contemporary Welsh politics. *Postcolonial Wales* Jane Aaron, Chris Williams, 2005 A collection of diverse essays discussing the culture and politics of post-devolution Wales. 10 black and white illustrations. Devolution and Power in the United Kingdom Alan Trench, 2007 Devolution and Power in the United Kingdom is concerned with a paradox: why devolution has enabled different approaches to government and policy-making to develop in Scotland, Wales and Northern Ireland since 1999 while a close

examination of the structure of devolution suggests that the UK government retains control over most key aspects of the UK

Contemporary Wales Andrew Thompson,Elin Royles,Paul Chaney,2011-12-21 *The Pit and the Pendulum* Molly Scott Cato,2004 Presenting an introduction to the local economy of Rhondda Cynon Taff and an account of the history of the region s inward investment development strategy this title offers recommendations for future policy making suggesting that a new approach which empowers local people to work together to make the best of the economic opportunities they have *The Changing Constitution* Jeffrey L. Jowell,Dawn Oliver,2004 A collection of essays which covers the main areas of constitutional change and reform This fifth edition provides commentaries on the developments in constitutional reform and to anticipate future changes It also considers possible further reforms including the introduction of proportional representation for elections to the House of Commons **The Scottish Parliament 1999-2009** Charlie Jeffery,James Mitchell,2009 In May 1999 the Scottish Parliament opened with high expectations The decade since has seen a transformation in Scottish politics As the Parliament s 10th anniversary approaches now is the perfect time to reflect on its role in the Scottish and wider UK political process What have been the challenges and its achievements Have expectations been met The Scottish Parliament s four Founding Principles access and participation equal opportunities accountability and power sharing aimed to establish a body answerable to the people of Scotland This project run by the Hansard Society will bring together a group of varied and distinguished commentators to discuss some of the key issues in the development of the Scottish Parliament over the past decade They will explore whether initial expectations have been met and analyse how the Parliament has evolved at the core of a new Scottish political process **The Blair Legacy** Terrence Casey,2009-01-15 The Blair Legacy offers a comprehensive examination of the long term impact of Tony Blair s three New Labour Governments Bringing together the foremost scholars from both sides of the Atlantic this volume explores how Labour changed the terms of political debate established an ideological stamp reformed public services revised economic management transformed governing institutions and repositioned Britain in a wider world The British National Bibliography Arthur James Wells,2004
