Delivering Web Reference Services To Young People:

Weaving a Library Web Helene Blowers, Robin Bryan, 2004-05-24 Eager to feed their curiosity with interactive information children are becoming more responsive to technology and many now use a mouse more effectively than a crayon By embracing the possibilities of the Internet when programming for children libraries can empower the young with great information while supplementing traditional children s services These award winning children s web developers and librarians build their virtual library services starting from the four pillars of children s librarianship readers advisory homework reference help programming and outreach Presenting a wide assortment of possibilities the authors offer guidance inspiration and practical direction complete with sample screen shots to Create appropriate sites for different ages Develop a project plan including an Approach to Success document Map our details with storyboards and flowcharts Make user experiences easy and fun using mascots navigation tools and downloads Authoritative and comprehensive this guide provides sample documents and hands on help on technical issues usability testing dealing with online privacy monitoring maintaining promoting the site testing for Creating Cyber Libraries Kathleen W. Craver, 2002-05-30 As prices of traditional library materials increase and space to house them shrinks savvy school library media specialists are creating cyber libraries or school libraries on the Internet These libraries offer students and their parents 24 hour access and are invaluable for providing up to date information in a way traditional materials cannot This guide outlines the steps library media specialists can take to create a cyber library provide content and policies for use and maintain it for maximum efficiency Craver justifies the need for cyber libraries in the 21st century and how they can help librarians to meet the standards in Information Power 1998 She explains the different types of cyber libraries available along with their advantages and disadvantages She discusses how to construct them using portals or by acquiring fee based cyber libraries and what policies should be in place to protect both the school and its students Also included are instructions for establishing remote access to subscription databases creating cyber reading rooms and providing instructional services to student users Once a cyber library is created it must be maintained and evaluated to keep it useful and current and this book provides guidelines to do so Finally there is a chapter on promoting the cyber library so the school community is aware of its features and participates in its growth process No school library should be without this volume **Web Information Management** Stephen Mutula, Justus Wamukoya, 2007-05-31 This is a cross disciplinary text book on web based information management for students faculty and practitioners in business industry and government The Web has emerged as a universal space of information occasioning proliferation of electronic publications Though efforts have been made in developing tools and methods such as search engines metadata portals subject directories and subject gateways aimed at enhancing the organization of and accessibility to information on the web more remains to be done The book addresses gaps in the existing web based tools and methods for information management Cross disciplinary e g information science information systems

computer science business and records management Addresses topical issues in web information management such as content management e records readiness e government portals and intranets open source software emerging technologies WiMax Bluetooth etc Targets audience in tertiary education government business and industry **101+ Great Ideas for Teen Library Web Sites** Miranda Doyle,2007 Presents ideas on how to create websites for teenagers from the basics such as links and catalogs to technical skills relating to elements like blogs feeds and podcasting *Document Delivery Services* Robin Kinder,1999 Contains five essays four of which discuss the planning and process of implementing document delivery in university libraries in the United States Handbook of Research on Information Communication Technology Policy: Trends, Issues and Advancements Adomi, Esharenana E.,2010-07-31 The Handbook of Research on Information Communication Technology Policy Trends Issues and Advancements provides a comprehensive and reliable source of information on current developments in information communication technologies This source includes ICT policies a guide on ICT policy formulation implementation adoption monitoring evaluation and application and background information for scholars and researchers interested in carrying out research on ICT policies Journal of Youth Services in Libraries ,2001

Collection Management for School Libraries Joy McGregor,Ken Dillon,James Henri,2003 Co published with Charles Sturt University Centre for Information Studies School Library Media Activities Monthly ,1999 Library & Information Science Abstracts ,2008 **Introduction to Public Librarianship** Kathleen de la Peña McCook,2004 Practitioners and students will find much of value in this essential source for learning about the successful management and functioning of public libraries today **American Reference Books Annual** ,2001 1970 issued in 2 vols v 1 General reference social sciences history economics business v 2 Fine arts humanities science and engineering **Community Resources in the School Library Media Center** W. Bernard Lukenbill,2004-12-30 This book provides an analysis and rationale for community information in the School Library Media Center Arguing for the improved integration of community information into curriculum design the book suggests that the topic can be used to promote the overall development of information literacy It also considers community information and the preparation required to adequately teach community information Important issues such as the kinds of materials necessary for community information instruction and the role played by community information in government mandated basic skills requirements are also treated **School Library Journal** ,1999

Multimedia Information & Technology ,1998 Now what Do I Do? Amy G. Job,MaryKay Schnare,2001 A series of case studies that describe problems and pose questions that can be used by educational media students or professional development workshops The case situations fall outside the subject matter of traditional library media curriculums and include topics on the nitty gritty issues emergencies etc and on bigger issues such as planning policies and personnel Incorporated within the cases are the concepts on information literacy found in the Information Power Building Partnerships for Learning guide issued by the American Association of School Librarians in 1998 **The Bowker Annual Library and**

Book Trade Almanac 2004 Information Today, Incorporated, 2004-05 As an on the job answer book a statistical information resource a planning and research guide and a directory and calendar The Bowker Annual Library and Book Trade Almanac 2004 delivers the hard to find industry news and information you need This acclaimed must have resource provides the following Expert reviews of the key trends events and developments that will influence your work in 2004 and the years to come Clear explanations of new legislation and changes in funding programs and how this will affect libraries Definitive statistics on book prices numbers of books published library expenditures average salaries and other budget crunching assistance A full calendar of events key organizations names and numbers of important individuals including e mail addresses and fax numbers and much more This fully updated reference tool makes it easy to stay on top of the developments that affect libraries booksellers and publishers alike and to find fast answers to the countless on the job questions you encounter

Canadian Periodical Index ,2000 The Cybrarian's Manual 2 Pat Ensor,2000 Provides tips resources and ideas for librarians using the Internet for insight and information on a variety of topics Attracting, Educating, and Serving Remote Users Through the Web Donnelly Curtis,2002 A guide to serving library users through the Web Part One discusses how to identify and understand remote users needs Part Two explores essential services and how to implement them and Part Three covers maintaining your infrastructure analyzing your progress and building into the future
