Democracy In Translation:

Democracy in Translation Frederic Charles Schaffer, 2000-07 Frederic C Schaffer challenges the assumption often made by American scholars that democracy has been achieved in foreign countries when criteria such as free elections are met Elections he argues often have cultural underpinnings that are invisible to outsiders To examine grassroots understandings of democratic institutions and political concepts Schaffer conducted fieldwork in Senegal a mostly Islamic and agrarian country with a long history of electoral politics Schaffer discovered that ideas of demokaraasi held by Wolof speakers often reflect concerns about collective security Many Senegalese see voting as less a matter of choosing leaders than of reinforcing community ties that may be called upon in times of crisis By looking carefully at language Schaffer demonstrates that institutional arrangements do not necessarily carry the same meaning in different cultural contexts Democracy in Translation asks how social scientists should investigate the functioning of democratic institutions in cultures dissimilar from their own and raises larger issues about the nature of democracy the universality of democratic ideals and the practice of cross cultural research

The Routledge Handbook of Translation and Politics Jonathan Evans, Fruela Fernandez, 2018-04-19 The Routledge Handbook of Translation and Politics presents the first comprehensive state of the art overview of the multiple ways in which politics and translation interact Divided into four sections with thirty three chapters written by a roster of international scholars this handbook covers the translation of political ideas the effects of political structures on translation and interpreting the politics of translation and an array of case studies that range from the Classical Mediterranean to contemporary China Considering established topics such as censorship gender translation under fascism translators and interpreters at war as well as emerging topics such as translation and development the politics of localization translation and interpreting in democratic movements and the politics of translating popular music the handbook offers a global and interdisciplinary introduction to the intersections between translation and interpreting studies and politics With a substantial introduction and extensive bibliographies this handbook is an indispensable resource for students and researchers of translation theory politics and related areas

Alexis de Tocqueville: Democracy in America (LOA #147) Alexis de Tocqueville, 2004-02-09 An exclusive new translation of the most perceptive and influential book ever written about American politics and society the bible on democracy The Texas Observer This Library of America volume presents de Tocqueville s masterpiece in an entirely new translation the first to fully capture his style and provide a rigorous faithful rendering of his profound ideas and observations Alexis de Tocqueville a young aristocratic French lawyer came to the United States in 1831 to study its penitentiary systems His nine month visit and subsequent reading and reflection resulted in this landmark masterpiece of political observation and analysis In Democracy in America Tocqueville vividly describes the unprecedented social equality he found in America and explores its implications

for European society in the emerging modern era His book provides enduring insight into the political consequences of widespread property ownership the potential dangers to liberty inherent in majority rule the vital role of religion in American life and the importance of civil institutions in an individualistic culture dominated by the pursuit of material self interest He also probes the deep differences between the free and slave states writing prophetically of racism bigotry and prejudice in the United States Brought to life by Arthur Goldhammer s clear fluid and vigorous translation this volume of Democracy in America is the first to fully capture Tocqueville s achievements both as an accomplished literary stylist and as a profound political thinker Routledge Encyclopedia of Translation Studies Mona Baker,Gabriela Saldanha,2019-09-20 The Routledge Encyclopedia of Translation Studies remains the most authoritative reference work for students and scholars interested in engaging with the phenomenon of translation in all its modes and in relation to a wide range of theoretical and methodological traditions This new edition provides a considerably expanded and updated revision of what appeared as Part I in the first and second editions Featuring 132 as opposed to the 75 entries in Part I of the second edition it offers authoritative critical overviews of additional topics such as authorship canonization conquest cosmopolitanism crowdsourced translation dubbing fan audiovisual translation genetic criticism healthcare interpreting hybridity intersectionality legal interpreting media interpreting memory multimodality nonprofessional interpreting note taking orientalism paratexts thick translation war and world literature Each entry ends with a set of annotated references for further reading Entries no longer appearing in this edition including historical overviews that previously appeared as Part II are now available online via the Routledge Translation Studies Portal Designed to support critical reflection teaching and research within as well as beyond the field of translation studies this is an invaluable resource for students and scholars of translation interpreting literary theory and social theory among other disciplines **Political Translation** Nicole Doerr,2018-03 At a time of increasing doubts about political legitimacy concern for equal and inclusive democratic processes and deliberation is sweeping the social sciences In this empirical study the author presents the collective practices of political translation which help multilingual and culturally diverse groups work together more democratically Contemporary Translation Theories Edwin Gentzler,2001-09-13 During the last thirty years the field of translation has exploded with multiple new theories Contemporary Translation Theories examines five of new approaches the translation workshop the science of translation translation studies polysystem theory and deconstruction all of which began in the mid 1960s and continue to be influential today **Roman Literature in Translation** George Howe,Gustave Adolphus Harrer,1924 Course of Empire Charles Gardner Wheeler,1894 The Course of Empire ,1883 **Democracy at the Crossways** Fossey John Cobb Hearnshaw,1918 **Half-hours of French Translation, Or Extracts from the Best English Authors to be Rendered Into French...** Alphonse Mariette,1878 **Constructing a Sociology of Translation** Michaela Wolf,Alexandra Fukari,2007 The view of translation as a socially regulated activity has opened up a broad field of research in the last few

years This volume deals with central questions of the new domain and aims to contribute to the conceptualisation of a general sociology of translation Interdisciplinary in approach it discusses the role of major representatives of sociology like Pierre Bourdieu Bruno Latour Bernard Lahire Anthony Giddens or Niklas Luhmann in establishing a theoretical framework for a sociology of translation Drawing on methodologies from sociology and integrating them into translation studies the book questions some of the established categories in this discipline and calls for a redefinition of long assumed principles The contributions show the social involvement of translation in various fields and focus especially on the translator's position in an emerging sociology of translation Bourdieu's influence in conceptualising this new sub discipline methodological questions and a sociologically oriented meta discussion of translation studies *Greek Civilisation and Character ...*
