Democracy Owners Manuel A Practical Guide To Changing The World:

The Democracy Owners' Manual Jim Shultz, 2002 The Democracy Owners Manual is a unique hands on guide for people who want to change public policy at the local state or national level A combination of policy and advocacy basics the book offers a clear presentation of the issues and debates activists are likely to encounter as well as a lucid example rich guide to effective strategies and actions

Leading and Managing in the Social Sector S. Aqeel Tirmizi, John D. Vogelsang, 2016-12-22 This book explores leadership and management in social sector organizations which include NGOs non profits social enterprises social businesses and cross sector collaborations focusing on advancing human dignity and social justice It provides social sector leaders with an overview of current trends issues and challenges in the field as well as best practices to foster effective programs sustain organizations and meet the growing demands of the sector The enclosed chapters cover topics such as cross sector organizational design innovation for client services gender management dynamics policy advocacy and the growing social entrepreneurship movement The social sector is currently in a vibrant dynamic and exciting stage The sector's role and relevance to advancing human dignity and social justice is greater than ever The number and types of social sector organizations have increased exponentially around the world and are offering extraordinary and much needed contributions toward an array of social issues The traditional NGOs and non profit organizations continue to be an integral part of the global civil society At the same time the emerging organizational forms under the social entrepreneurship umbrella are providing new momentum and excitement within and outside of the social sector The interest in social entrepreneurship is encouraging existing social sector entities to actively embrace and encourage innovation This interest is also inspiring a new breed of professionals and organizations to contribute to the social sector This trend falls under the larger social sector dynamic promoting the creation of hybrid and emergent organizational forms which cross and combine the traditional non profit and for profit domains Despite the increased interest the social sector still faces challenges around the world CIVICUS an international group promoting civil society organizations and groups recently reported a rise in the restrictions on civil society activities in a number of countries through worsening policy and legal environments Funding challenges for the social sector are thus becoming more significant At the same time the calls for social sector accountability and emphasis on results and impact are growing This book aims to offer approaches and tools which allow for the bridging of demands between creativity and accountability between inspiration and results and between gaining individual commitment and shared ownership of agendas and achievements all of which are needed to effectively operate in the changing social sector

Harvard Political Review, 2003

Political Communication and Deliberation John Gastil, 2008 The act of deliberation is the act of reflecting carefully on a matter and weighing the strengths and weaknesses of alternative solutions to a problem It aims to arrive at a decision or judgment based not only on facts and data but also on values emotions and other less technical considerations Though a solitary individual can deliberate it more commonly means making decisions

together as a small group an organization or a nation Political Communication and Deliberation takes a unique approach to the field of political communication *Impasse in Bolivia* Benjamin Kohl, Linda C. Farthing, 2006-05 Presents a study of the obstacles encountered by neoliberalism and market democracy in Bolivia This book explores the problems faced by governments in reproducing global strategies at the national level the tensions between markets and democracy state restructuring citizenship and property rights *Resisting Economic Globalization* D. Schneiderman, 2013-05-15 There is at present much disenchantment with the rules governing international investment Conceived as a set of disciplines establishing thresholds of tolerable state behaviour dissatisfaction has precipitated acts of resistance in various parts of the world *Resisting Economic Globalization* explores the magnitude of the legal constraints imposed by these rules and institutions associated with the worldwide spread of neoliberalism Much contemporary theorizing has given up on national states as a locus for countering the harmful effects of economic globalization Though states provide critical supports to the construction and ongoing maintenance of transnational legal constraints David Schneiderman argues that states remain crucial sites for resisting even rolling back investment law disciplines Structured as a series of encounters with selected critical theorists the book contrasts theoretical diagnoses with recent episodes of resistance impeding investment law edicts This novel approach tests contemporary hypotheses offered by leading political and legal theorists about the nature of power and the role of states and social movements in facilitating and undoing neoliberalism's legal edifices As a consequence the foundations of transnational legality become more apparent and the mechanisms for change more transparent

Interpersonal Social Work Skills for Community Practice Donna Hardina, 2012-07-23 Specifically dedicated to the skills that social workers need to advance community practice this creative book is long overdue Grounded in the wisdom and evidence of well honed interpersonal social work skills Donna Hardina's new text takes community practice to a higher level than ever before developed in book form indeed she displays the most thorough understanding of research on community practice that I have read in any community practice text *Journal of Teaching in Social Work* Community organization has been a major component of social work practice since the late 19th century It requires a diverse set of abilities interpersonal skills being among the most important This textbook describes the essential interpersonal skills that social workers need in community practice and helps students cultivate them Drawing from empirical literature on community social work practice and the author's own experience working with community organizers the book focuses on developing the macro level skills that are especially useful for community organizing It covers relationship building interviewing recruitment community assessment facilitating group decision making and task planning creating successful interventions working with organizations and program evaluation along with examples of specific applications For clarity and ease of use the author employs a framework drawn from a variety of community practice models including social action and social planning transformative popular education and community development approaches and multicultural and feminist approaches The
