decades To discern the meaning of this malaise we must investigate the nature of liberal democracy says the author of this provocative book and he undertakes to do so through a detailed investigation of the thinking of Montesquieu Rousseau and Tocqueville Paul A Rahe argues that these political thinkers anticipated the modern liberal republic's propensity to drift in the direction of soft despotism a condition that arises within a democracy when paternalistic state power expands and gradually undermines the spirit of self government Such an eventuality feared by Tocqueville in the nineteenth century has now become a reality throughout the European Union Canada Australia New Zealand and the United States So Rahe asserts and he explains what must be done to reverse this unfortunate trend **Political Ideologies** Mostafa Rejai,1994-12-02
