Social Media (Collins Business Secrets) Carolyn Boyes, 2020-01-09 The social media secrets that experts and top professionals use *Vanity Fair*, 2017 **The Credibility of influencer marketing and mandatory labelling. The legal situation in Germany and its influence on acceptance and consumer behaviour** Laura Larissa Klempt, 2019-08-28 Master's Thesis from the year 2019 in the subject Communications Public Relations Advertising Marketing Social Media grade 1.0 Buckinghamshire New University course Leadership Management majoring Marketing Communications language English abstract Following the wave of warning letters and court proceedings regarding surreptitious advertising the increasing popularity of influencer marketing also reveals the legal dimension of this topic The lack of legal certainty in this area results from trade association activities such as the Association for Social Competition which systematically sue many influencers and collaborating companies for disguising the promotional nature of paid contributions on social platforms such as Instagram Against this background this dissertation examines in further detail the controversial scope of labelling and disclosure obligations for influencers in social media such as Instagram and considers the associated issue of credibility of influencer marketing and potential effects on consumer behaviour This assessment is further supported by empirical data collected which is carried out with qualitative and quantitative research methods in order to establish tentative hypotheses based on research phenomena and consumer behaviour pattern In summary mandatory labelling and disclosure requirements do not seem to ruin the credibility of influencer marketing and do not take a major influence on consumer acceptance and behaviour Acceptance and market behaviour rather seem to be driven by other factors including the character of the products and the company involved and the personal fit with the profile of the respective influencers The research project is limited to the consideration of influencer marketing and compliance with legal obligations in Germany

**Influencer Advertising versus Traditional Advertising**, 2021-07-21 Master's Thesis from the year 2020 in the subject Communications Public Relations Advertising Marketing Social Media grade 1.0 Klagenfurt University language English abstract In the field of marketing influencer promotions evolved to an established strategy to spread awareness about brands and to target potential customers Especially the beauty industry utilizes the strategic communication approaches through the embeddedness of products into the creative content of influencers in order to persuade consumers The purpose of this research paper is to examine the influencing power of those digital opinion leaders while comparing this potential with traditional print advertisements in magazines In this process particular focus has been laid on the perceived credibility of both marketing techniques applied on the luxury cosmetic market in Austria Through a quantitative survey with paper and pencil questionnaires data on attitudes and perceptions of 120 respondents could be gathered in Klagenfurt Results of the study reveal that influencer advertisements are not automatically more influencing than traditional print advertisements However a positive pre attitude towards beloved influencers affect people to develop a more positive attitude towards brands
