Dancing With Demons:

Dancing with Demons Miguel Garcia, 2009-11 I had been writing in a journal since I was very young probably about twenty years ago I am now thirty three I was always afraid of being mocked for my poetry One day a friend read my work and I saw the emotion my work evoked The more open I became the more positive reinforcement I received to push myself and work on getting my collections published It has been a very difficult and frustrating process and I hope that all these years of writing will pay off and I can finally feel like I have achieved something in my life I have had God by my side at all times and I know He will always be there waiting for me to ask Him for guidance and strength It is when I am ignorant and I am determined to self destruct that I am surrounded by evil There are forces that surround us that we cannot comprehend We can ride the waves of darkness until there is nothing left for us to live or we can believe that we will prosper through our faith in God I have done both with such consistency that I find myself in limbo I have chosen to dance with my demons because I believe in my heart that I could never defeat them in the end unless I have learned their ways There will come a time when I shall have to face my worst fears I am not sure what happens after we die and that is terribly frightening This is an anthology of my battles within my conscience that determine the decisions I make whether they be good or bad Again I hope this can touch a few people so that when I face my judgment I may be redeemed for the sins I have committed MIGUEL GARCIA currently resides in Pearland Texas and is working toward his Masters in Psychology In and out of trouble since the age of fifteen much of his teenage years were spent in hospitals jail and finally a year in prison After he was released he worked and went to school trying to make up for lost time vainly searching for a feeling of normality In his late twenties this became very difficult as he began struggling with hallucinations and violent behavior He had kept himself somewhat isolated but as his strange visions and unpredictable actions took over his life he pushed away anything normal and began what seemed like a personal quest for self destruction This project has been his only solace bringing him peace from the realization that he is finally doing something positive for himself and he hopes for others who feel the emptiness as he does As I have watched him over the past several years I have seen the worst of him and the best when I truly thought he had hit rock bottom only to see him pick himself up and start over again He is a paradox of a person standoffish and indifferent on the outside but for the person who takes the time to look behind the wall that he has built you will see the light that shines from him He has lost much with his illness and the choices he has made His decisions have been his own and he will be the first to say that its his life and he will live it as best he can Poetry is an intimate mountain of private thoughts and his goal is that his writing may help someone out there who feels that they are alone Through his poems he wants others to feel how important it is to have faith in a higher power to know you need not bow down to others who want you to feel inadequate and that a person can come back from anything and live a confident and fulfilling life

Thomas,2025-06-24 Her earliest memory is of an entity standing over her crib Growing up and seeing ghosts in a dysfunctional family was a challenging journey for C L Thomas but that was everyday life It wasn t until she moved into a rental house in Nashville Tennessee that she learned to be afraid In recent years there has been a growing focus in the paranormal field on demonic lore as more paranormal investigators have pursued demonology and many recent television shows and movies feature demonic hauntings often prioritizing shock value over providing an engaging narrative But what is real In these shock driven films demons are portrayed through children cursing young girls levitating off the bed coughing up nails and speaking in unknown tongues with a hapless priest shouting Latin verses and commands to no avail Hollywood s shock documentary approach can make it easy to dismiss the existence of demons entirely But is that wise Dancing with Demons is a personal journey with a demonic like force during a real haunting in Nashville that forever altered Thomas s perspective on the paranormal plunging her into an endless quest for the truth This is real
