Sydney Paul Mason,2007 A highly illustrated geography series that studies major cities around the world in depth looking at topics such as population climate geography physical infrastructure and the environment Risk in Children's Adventure Literature Elly McCausland,2024-05-31 Risk in Children s Adventure Literature examines the way in which adults discuss the reading and entertainment habits of children and with it the assumption that adventure is a timeless and stable constant whose meaning and value is self evident A closer enquiry into British and American adventure texts for children over the past 150 years reveals a host of complexities occluded by the term and the ways in which adults invoke adventure as a means of attempting to get to grips with the nebulous figure of the child Writing about adventure also necessitates writing about risk and this book argues that adults have historically used adventure to conceptualise the relationship between children and risk the risks children themselves pose to society the risks that threaten their development and how they can be trained to manage risk in socially normative and desirable ways Tracing this tendency back to its development and consolidation in Victorian imperial romance and forward through various adventure texts and media to the present day this book probes and investigates the truisms and assumptions that underlie our generalisations about children s love for adventure and how they have evolved since the mid nineteenth century **The London Gazette** ,1921 **The Law of Automobiles** Xenophon Pearce Huddy,1922 **War Drums and Peace Plans** Raymond Leslie Buell,Ryllis Alexander Goslin,Ryllis Clair Alexander Goslin,1936 *Alexander's Care of the Patient in Surgery - E-Book* Jane C.
