# Daniel Pinkham A Bio Bibliography

**Guy A. Marco**

## **Daniel Pinkham A Bio Bibliography:**

**Daniel Pinkham** Kee Deboer, John B. Ahouse, 1988-06-27 This bio bibliography catalogs more than 300 musical compositions of the prolific American composer Daniel Pinkham. The compositions reflect Pinkham's success at securing commissions from a variety of individuals and organizations and span his entire career to date as composer, performer, and teacher. The volume commences with a biography and then supplies a complete catalog of works and a selected listing of performances. A discography of commercially produced recordings follows with numbers corresponding to those in the previous sections. The final section is a bibliography which is divided into two parts. The first part lists references to general reviews of Pinkham's work or reviews of more than one composition; the second part consists of reviews of specific pieces. As before, the pieces are cross-referenced to the preceding sections. The volume concludes with four appendixes: a list of works arranged chronologically by date of composition, an alphabetical list of works, the literary texts used in the works listed by author, and biblical sources of the texts.

**Daniel Pinkham** Kee Deboer, John B. Ahouse, 1988-06-27 This bio bibliography catalogs more than 300 musical compositions of the prolific American composer Daniel Pinkham. The compositions reflect Pinkham's success at securing commissions from a variety of individuals and organizations and span his entire career to date as composer, performer, and teacher. The volume commences with a biography and then supplies a complete catalog of works and a selected listing of performances. A discography of commercially produced recordings follows with numbers corresponding to those in the previous sections. The final section is a bibliography which is divided into two parts. The volume concludes with four appendixes: a list of works arranged chronologically by date of composition, an alphabetical list of works, the literary texts used in the works listed by author, and biblical sources of the texts.

*Historical Dictionary of Choral Music* Melvin P. Unger, 2023-08-14 A Library Journal Starred Review March 2024 praises the book as a remarkable resource that will please both musical professionals and amateurs along with teachers and their students and conductors and singers. Throughout the ages, people have wanted to sing in a communal context. This desire apparently stems from a deeply rooted human instinct. Consequently, choral performance historically has often been related to human rituals and ceremonies, especially rites of a religious nature. *Historical Dictionary of Choral Music*, Second Edition, contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 1,300 cross-referenced entries on composers, conductors, choral ensembles, choral genres, and choral repertoire. This book is an excellent resource for students, researchers, and anyone wanting to know more about choral music.

Sourcebook for Research in Music, Third Edition Allen Scott, 2015-06-01 Since it was first published in 1993, the *Sourcebook for Research in Music* has become an invaluable resource in musical scholarship. The balance between depth of content and brevity of format makes it ideal for use as a textbook for students, a reference work for

faculty and professional musicians and as an aid for librarians The introductory chapter includes a comprehensive list of bibliographical terms with definitions bibliographic terms in German French and Italian and the plan of the Library of Congress and the Dewey Decimal music classification systems Integrating helpful commentary to instruct the reader on the scope and usefulness of specific items this updated and expanded edition accounts for the rapid growth in new editions of standard works in fields such as ethnomusicology performance practice women in music popular music education business and music technology These enhancements to its already extensive bibliographies ensures that the Sourcebook will continue to be an indispensable reference for years to come *Music Library and Research Skills* Jane Gottlieb, 2017 Concise and engaging this text covers a wide range of reference sources for research in all genres of music Through this practical introduction to the key concepts of music research students will develop a firm understanding of the tools used to gather data including what types of sources exist how they are arranged and how they may best be used to do research

Dictionary of American Classical Composers Neil Butterworth, 2013-10-02 The Dictionary of American Classical Composers covers over 650 composers active from the 18th century to today Covering all classical styles it offers the most comprehensive overview of key composers in the United States available Entries include basic biographical information and critical analysis of each composer's key works and ideas Entries also include worklists and bibliographic information Whenever possible the entries will have been checked by the composers themselves to assure greatest possible accuracy This new edition completely updated and expanded from the 1984 edition also includes over 200 historic photographs *Choral Music* James Michael Floyd, Avery T. Sharp, 2012-07-26 This is an annotated bibliography to books recordings videos and websites on choral music This book will serve as an excellent tool for librarians researchers and scholars in sorting through the massive amount of new material that has appeared since publication of the previous edition Concert Music of the Twentieth Century Mark A. Radice, 2003 Concert Music of the Twentieth Century is about concert music music for contemplation rather than for atmosphere The repertoire discussed in these pages was written by composers with something important to say and with skills to do so Many of the works discussed tie in with a long standing Western European tradition of art music but an equal voice is given to culturally and ethnically diverse composers active during the past several decades Radice provides data about the pieces the composers who wrote them and the contexts in which they originated Our understanding and evaluation of music is a dynamic process and one that is subject to change Music only has meaning within its social contexts and these are expanding daily Many non Western nations have long standing musical traditions and practices that have entered into the Western mainstream just as Western practices and traditions have influenced the musical cultures of the world to produce new and exciting possibilities for music making Diversity has been a key element in the selection of topics for discussion and the examples included here can serve as gateways for other investigations by interested readers This book is a survey presenting a broad array of representative works The personalities explored include

composers performers theorists teachers and organizations In many cases the information comes directly from composers whom the author has interviewed The discussions in this book demonstrate that the world of contemporary music is a fascinating one that offers rich rewards to those interested in understanding the vibrant dynamics of concert music *The American Organist*, 2005 Literature of American Music III, 1983-1992 Guy A. Marco, 1996 Literature of American Music III 1983 1992 is the second supplement to the original Literature of American Music in Books and Folk Music Collections Taken together the three volumes provide a comprehensive inventory of the 5 100 books representing the core literature on American music This volume cites and critically annotates monographs on American music published from 1983 to 1992 but does not include literature in folk music collections More than 1 300 entries cover all aspects of American music including folk blues jazz rock music of major cities festivals the music industry instruments music education and music for TV and film Entries are arranged according to Library of Congress classification numbers which allows librarians to check their own holdings Each citation provides full imprint data ISBN facts about earlier editions series notes references to reviews in standard media descriptions of favorable and unfavorable features and special notes of reference elements such as indexes and bibliographies Includes title and subject indexes Author indexing is included in the Checklist of Writings on American Music 1640 1992 **Music Reference and Research Materials** Vincent Harris Duckles, Ida Reed, Michael A. Keller, 1997 This text has been the standard guide to source literature of music and contains critically annotated listings of over 3 500 key sources This comprehensive guide to reference sources is organized into chapters by category of source The text s organization introduces students to a vast array of sources to include Dictionaries and Encyclopedias Histories and Chronologies Sources of Systematic and Historical Musicology Bibliographies of Music Music Literature and Music Business Reference Works on Individual Composers and Their Music Catalogs of Libraries and Musical Instrument Collections Discographies Yearbooks Directories Electronic Resources **Bibliographic Guide to Music** New York Public Library. Music Division, 1998 *Edward Burlingame Hill* Linda L. Tyler, 1989-03-27 Breaking with the Teutonic tradition of his predecessors composer Edward Burlingame Hill was among the first Americans to study composition in Paris His music in which he incorporated new harmonic instrumental and textural devices helped foster acceptance for many early twentieth century innovations Hill also shared his predilection for French music with students at Harvard where he taught from 1908 until 1940 Through his courses in orchestration and music history Hill s students were exposed first hand to modern French compositional techniques and the latest European musical trends As a writer Hill served as a Boston music critic authored many journal articles on contemporary music and wrote the first systematic English language study of French musical thought from Chabrier to Les Six This volume charts Hill s life and career as a composer educator and writer in the context of early twentieth century American culture The first section consists in a biographical and interpretive essay that details his multifaceted career and identifies his contributions to American music Subsequent chapters provide the first complete listing

of his musical and prose writings a bibliography of writings about him and a discography of commercially produced recordings This bio bibliography represents the first study of Edward Burlingame Hill to appear in print and it offers an in depth look at this important musical figure through annotated citations of his works and their performances writings by and about him and his recorded works It illustrates the significance of his role in the early twentieth century musical scene as composer influential mentor and early music historian A useful guide to further research as well this work will serve as an important resource for musicologists music historians and students of American music The Music Information Explosion and Its Implications for College Teachers and Students College Music Society. Meeting,1992 *Music Cataloging Bulletin*

,1997 **Fanfare** Joel Flegler,1989 **The Sonneck Society Bulletin** ,1990 William Walton Carolyn J. Smith,1988-11-21 This bio bibliography of one the most important contemporary British composers begins with a brief biographical sketch Works and first performances are listed alphabetically by title and each entry is followed by the relevant bibliographic citation numbers The discography includes sound recordings in all formats The major portion of the work the bibliography is divided into articles and reviews books theses and dissertations articles by Walton and films The archival section lists collections of Walton s music manuscripts letters and miscellanea Two appendices contain a chronological listing of works and first performances and a works lists arranged by classification An index of individuals and performance ensembles completes the work which will serve as a significant addition to university libraries and departments of music William Turner Walton 1902 1983 was born in Oldham England He showed an early talent for composition and had written several significant works by 1916 Following his failure to graduate from Oxford Walton took up residence with the Sitwell family in Chelsea and embarked upon one of the most productive phases of his career Acclaimed as a milestone in British choral music Belshazzar s Feast premiered in 1931 and its instant success established Walton firmly among the ranks of important contemporary British composers Subsequently Walton began work on his Symphony No 1 and simultaneously wrote his first film score one of many first class scores he composed for movies including As You Like It Henry V and Chekhov s Three Sisters Walton traveled to Argentina in 1948 where he met and married his wife Susana The couple returned to London but soon relocated to a villa on Ischia an island off the coast of Naples Another fruitful period ensued marked by many important commissions The composer died in 1983 and a foundation was later established for the purpose of transforming the villa into a performing arts center **Newsletter - California Library Association** California Library Association,1987 **The Encyclopedia Americana** ,2002
