Christian Histories, Christian Traditioning Dale T. Irvin, 1998 Christian Histories Christian Traditioning provides a profound historical theological and constructive reading of Christian plurality Dale T Irvin grapples with the many traditions within the Christian tradition to show how plurality bears witness to a core tradition even as it subverts the claims of Western Christianity to be its sole normative expression The voices of emerging churches like those that resound through the centuries from long eclipsed churches in Persia Mesopotamia India Ethiopia and China together testify to Jesus as the Christ But they do so in ways that show that non Western traditions constitute an integral part of the mainstream while showing the need for Euro American tradition to give up its normative pretenses BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Comentário Exegético Atos – Volume 04 Craig S.
