Dani on Trial Leon Saunders, 2004 **California. Court of Appeal (4th Appellate District). Division 2. Records and Briefs** California (State)., **I, Drive: Primeblades** Charring Cross, 2019-05-04 Ulrich and his sister never

got along in real life Ulrich was always spending free time in virtual reality games while Jenna was cheerleading for her school But when Jenna slips into a coma and ends up in Ulrich's Favorite Massively Multiplayer Online game Primeblades Online it's up to Ulrich and his friends to get Jenna and her allies out of the game and back to their bodies IRL but with the Hacker who put them in the game on the loose Ulrich will have to put his all into something he never took seriously to begin with *The Sukarno File, 1965-1967* Antoni Dake, 2006-09-01 The book gives a detailed and final account of what happened on 1 October 1965 in Jakarta Indonesia Six anti communist Army generals were kidnapped and then murdered Mid level officers were involved as well as the leadership of the Indonesian Communist Party PKI Apparent aim was to move the country to the left The plot failed due to swift action of major general Suharto the later President until then completely unknown even to the CIA The coup turned out to be a blunder of major proportions resulting in the annihilation of the PKI as organization When the military found out that Sukarno himself had been behind the conspiracy he was shunted aside without bringing him to court Instead of left the country turned right **Sukarno and the Indonesian Coup** Helen-Louise Hunter, 2007-05-30 On September 30 1965 six of Indonesia's highest ranking generals were killed in an effort by President Sukarno to crush an alleged coup The events of that were part of a rapidly growing power struggle pro and anti communist factions The elimination of the generals however did little to increase and preserve Sukarno's power though and he was stripped of the presidency in 1967 Hunt's work is a unique and original examination of the events that culminated on that night in September 1965 It is the first detailed account of the Indonesian Coup that reveals the previously unknown workings of the PKI's ultra secret Special Bureau a clandestine organization within the Communist Party that may be the prototype of other similar entities that flourished around the world in the mid 50's and 60s No such expose of secret communist organizations committed to covert killings of the top military or political leaders of the country has ever been published She establishes beyond any doubt that the PKI under Chairman Aidit's direction using the capabilities of a secret organization within the PKI that only Aidit and a handful of trusted high level members of the Communist Party even knew about and most

importantly acting with President Sukarno's full knowledge and approval planned and then dramatically failed to execute a bold plan to kill the top leadership of the Army and proclaim a new socialist state under President Sukarno's leadership with PKI Chairman Aidit as his proclaimed successor. At the time of the coup, government analysts as well as non-government scholars were of two minds. Some like the group at Cornell University were convinced that the PKI Indonesian Communist Party had not been involved; that the coup was the action of mid-level army officers against the top leadership. That was the official line at the time. Others were convinced that the PKI alone had planned and executed the coup in its long-held desire to remove the pro-U.S. army leadership. No one at the time saw the hand of Indonesia's world-famous President Sukarno in the affair.
