*George Eliot's Works: Life and letters of George Eliot* (v.iii) George Eliot, 1895      The Cambridge Companion to George Eliot George Levine, 2001-05-10 This volume of essays is comprehensively scholarly and lucidly written and at the same time offers original insights into the work of one of the most important Victorian novelists and into her complex and often scandalous career      **The Cambridge History of the English Novel** Robert L. Caserio, Clement Hawes, 2012-01-12 The Cambridge History of the English Novel chronicles an ever changing and developing body of fiction across three centuries An interwoven narrative of the novel s progress unfolds in more than fifty chapters charting continuities and innovations of structure tracing lines of influence in terms of themes and techniques and showing how greater and lesser authors shape the genre Pushing beyond the usual period centered boundaries the History s emphasis on form reveals the range and depth the novel has achieved in English This book will be indispensable for research libraries and scholars but is accessibly written for students Authoritative bold and clear the History raises multiple useful questions for future visions of the invention and re invention of the novel      **Guide to Microforms in Print** , 1998      *Catalogue of the London Library* London Library, 1913

**Daniel Deronda** George Eliot, 1876      **The Modern Language Review** , 1957      *George Eliot and Money* Dermot Coleman, 2014-04-24 Unlike other Victorian novelists George Eliot rarely incorporated stock market speculation and fraud into her plots but meditations on money finance and economics in relation both to individual ethics and to wider social implications infuse her novels This volume examines Eliot s understanding of money and economics its bearing on her moral and political thought and the ways in which she incorporated that thought into her novels It offers a detailed account of Eliot

s intellectual engagements with political economy utilitarianism and the new liberalism of the 1870s and also her practical dealings with money through her management of household and business finances and in later years her considerable investments in stocks and shares In a wider context it presents a detailed study of the ethics of economics in nineteenth century England tracing the often uncomfortable relationship between morality and economic utility experienced by intellectuals of the period      **Arts & Humanities Citation Index** ,2000      **The Cambridge History of English Literature** ,1932      **The Century Dictionary and Cyclopedia: The Century cyclopedia of names ... ed. by Benjamin E.
