Analysing Conversation Talbot J. Taylor, Deborah Cameron, 1987 In the last fifteen years the analysis of conversation has become one of the most active and fastest developing fields in the study of language and communication but so far there has been no comprehensive critical account of its overall strengths and weaknesses The authors of this volume have broken the pattern with their critical survey of the concepts and methods of conversation analysis They examine various approaches to the study of conversation demonstrating that they share implicit assumptions carried over from the tradition of modern descriptive linguistics They consider in relation to literature from philosophy psychology sociology and linguistics whether current models of conversation illumine the phenomena of talk and suggest some new directions for our thinking about these phenomena

Books in Series ,1985 Vols for 1980 issued in three parts Series Authors and Titles

Right Time and Pace Susan Fiksdal, 1990 This text presents a new model of conversation based on time in this case referring both to the rhythmic organization of conversation the tempo and to the right time or timing These two notions of time correspond to two major systems governing conversation the turn taking system and the rapport system This model interweaves linguists work on spoken discourse sociologists work on conversation analysis and psychologists work on non verbal communication This volume also explores the evolution of the interview as a genre which creates a particular context for conversation Gatekeeping interviews in particular are explored because of their dual nature to guide and monitor individuals in an institution or business They are routine but essential factors in determining the future of individuals within these organizations Finally the volume shows the importance of the listener in conversation No previous theory of discourse or conversation incorporates the notion of rapport yet speakers clearly depend on listeners response as cues for shaping their utterances
