(2) In books where there are images such as portraits, maps, sketches, etc., we have endeavored to keep the quality of these images so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy. **Discourse on Metaphysics** Gottfried Wilhelm Freiherr von Leibniz, Antonine Arnauld, 1916 **Discourse on Metaphysics** Gottfried Wilhelm Leibniz, Leibniz, 2014-03 This is a new release of the original 1902 edition. **Discourse on Metaphysics** Gottfried Wilhelm Leibniz, 2017-10-17 Excerpt from *Discourse on Metaphysics: Correspondence With Arnauld and Monadology*. Therefore, I am far removed from the opinion of those who maintain that there are no principles of goodness or perfection in the nature of things or in the ideas which God has about them and who say that the works of God are good only through the formal reason that God has made them. If this position were true, God knowing that he is the author of things would not have to regard them afterwards and find them good as the Holy Scripture witnesses. Such anthropological expressions are used only to let us know that excellence is recognized in regarding the works themselves even if we do not consider their evident dependence on their author. This is confirmed by the fact that it is in reflecting upon the works that we are able to discover the one who wrought them; they must therefore bear in themselves his character. I confess that the contrary opinion seems to me extremely dangerous and closely approaches that

of recent innovators who hold that the beauty of the universe and the goodness which we attribute to the works of God are chimeras of human beings who think of God in human terms In saying therefore that things are not good according to any standard of goodness but simply by the will of God it seems About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Discourse on Metaphysics, Correspondence With Arnauld, and Monadology* Leibniz, 2023-07-18 This collection includes several of Leibniz's most important philosophical works including Discourse on Metaphysics in which he develops his views on substance causation and God as well as his famous Monadology in which he presents his theory of metaphysical monads The book also includes his lively correspondence with the philosopher Antoine Arnauld on various topics in metaphysics and logic This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant [Discourse on metaphysics; correspondence with Arnauld and Monadology](#) Gottfried Wilhelm Freiherr von Leibniz, 1968
