Discubing Hitler:

Hitler's Mind Edleff H. Schwaab,1992-03-30 This book is the most up to date comprehensive analysis of Hitler written by a psychologist Going beyond the reliance on a Freudian interpretation of Hitler s personality Schwaab employs his knowledge of abnormal psychology to penetrate the paranoid world of Hitler and to demonstrate the depth of his mental disturbance The analysis is framed by a poignant personal reflection on Schwaab s experiences and those of his father who was first a follower of Hitler and later one of those who attempted to assassinate him growing up in Nazi Germany and an afterword in which the meaning of Nazism is placed in the context of contemporary developments in a reunited Germany

The Rise and Fall of Adolf Hitler William L. Shirer,2013-04-18 A concise and timely account of Hitler s and fascism s rise to power and ultimate defeat from one of America s most famous journalists American journalist and author William L. Shirer was a correspondent for six years in Nazi Germany and had a front row seat to Hitler s mounting influence His most definitive work on the subject The Rise and Fall of the Third Reich is a riveting account defined by first person experience interviewing Hitler watching his impassioned speeches and living in a country transformed by war and dictatorship Shirer was originally commissioned to write The Rise and Fall of Adolf Hitler for a young adult audience This account loses none of the immediacy of The Rise and Fall of the Third Reich capturing Hitler s ascendance from obscurity the horror of Nazi Germany s mass killings and the paranoia and insanity that marked the f hrer s downfall This book is by no means simplified and is sure to appeal to adults as well as young people with an interest in World War II history For nearly 100 years William L Shirer has spoken to us of fascism Nazis and Hitler He tells the unvarnished truth as he experienced it I figured this school type book wasn t going to tell me anything new But when I started reading I realized that I wasn t reading for the facts anymore I listened to his story and heard the urgency in his voice a voice from nearly 60 years ago telling us the truth about today Daily Kos [Explaining Hitler](#) Ron Rosenbaum,2014-07-08 When Hitler s war ended in 1945 the war over Hitler who he really was what gave birth to his unique evil began **Hitler** George Victor,2000 Victor s book is the first to show that implementing the Final Solution was actually the root of Hitler s most disastrous military decisions **Hitler's Tyranny** Ralf Georg Reuth,2022-11-28 A fresh stimulating look at Adolf Hitler and his dictatorship throughout the study of ten key aspects Hitler s tyranny is still difficult to understand today In this book Ralf Georg Reuth examines ten aspects of this catastrophe Among other things he asks Was anti Semitism more pronounced in Germany than elsewhere Was Versailles really responsible for Hitler s rise and why did the Germans follow a racial fanatic like him How did his war differ from all others before it The disturbing answers provide an overall picture that shows Hitler was not the consequence of the depths of German history but the result of chance deception and seduction This thought provoking new study takes aim at several of the norms of Hitler scholarship from the past forty years Reuth interrogates and challenges a range of orthodox views on such topics as how mainstream politicians facilitated Hitler s rise to power the F hrer s infamous pact with Stalin and the

complicity of ordinary Germans in his genocidal tyranny Eschewing a conventional chronological approach in favor of a forensic analysis of Hitler's mainsprings of action both as chancellor and military commander Reuth portrays Hitler as the apotheosis of what he argues is a specifically German strain of militarism and imperialism shifting the focus firmly back to the mindset and *modus operandi* of Hitler himself The portrait that emerges is one of a murderous fantasist and political opportunist driven by an all embracing ideology of racial superiority Reuth's account courts controversy on a number of points and offers a fascinating counterpoint to much recent scholarship *Explaining Hitler* Ron Rosenbaum, 1999-06-09 An extraordinary expedition into the war zone of Hitler theories *Hitler's Second Book* Adolf Hitler, 2006-10-01 Provides a valuable insight into the development of ideas that were to shape Hitler's foreign policy after 1933 Jeremy Noakes *The Times Literary Supplement* The text bears all of Hitler's hallmarks along with a terrifying sustained belief in war and violence as a means to ensure that Germany would flourish Publishers Weekly He envisaged the German people becoming involved in a series of wars for Lebensraum culminating in an epic battle against America Michael Smith *Daily Telegraph* The Second Book is in many ways more important than *Mein Kampf* Guardian I have never known anyone to say this is a forged document Volker Berghahn *The New York Times* Hitler admires the young racially select American people and the nation's restrictive immigration policies at the time *The New York Times* Far more than *Mein Kampf* the Second Book establishes the grandiose scale of Hitler's ambitions Dennis Showalter *Colorado College* More clearly than ever Hitler sketched out the worldwide struggle against the Jews which he and his party had to lead Richard Overy *Guardian* Hitler's Second Book is the first complete and annotated edition of the manuscript Hitler dictated shortly before his rise to power four years after publishing *Mein Kampf* It contains a catalog of shocking policy statements and previously undisclosed plans of world conquest at the core of Nazi ideology that Hitler concluded were too provocative for publication *Unmasked: Two Confidential Interviews with Hitler in 1931* Adolf Hitler, 1971 [Hitler's Charisma](#) Laurence Rees, 2014-01-28 At the age of twenty four in 1913 Adolf Hitler was eking out a living as a painter of pictures for tourists in Munich Nothing marked him in any way as exceptional but he did possess certain distinguishing characteristics a capacity to hate an inability to accept criticism and a massive overconfidence in his own abilities He was a socially and emotionally inadequate individual without direction from whence came a sense of personal mission that would transform these weaknesses and liabilities into strengths certainties that would provide him not only with a sense of identity but of purpose in a communal enterprise This is the focus of Laurence Rees's social psychological and historical investigation into a personality that would end up articulating the hopes and dreams of millions of Germans With 16 pages of black and white illustrations *Hitler's Ethic* R. Weikart, 2009-07-20 In this book Weikart helps unlock the mystery of Hitler's evil by vividly demonstrating the surprising conclusion that Hitler's immorality flowed from a coherent ethic Hitler was inspired by evolutionary ethics to pursue the utopian project of biologically improving the human race [David Irving's Hitler](#) Eberhard Jäckel, 1993 **Selling Hitler** Nicholas

O'Shaughnessy,2016-09-01 Hitler was one of the few politicians who understood that persuasion was everything deployed to anchor an entire regime in the confections of imagery rhetoric and dramaturgy The Nazis pursued propaganda not just as a tool an instrument of government but also as the totality the raison d'être the medium through which power itself was exercised Moreover Nicholas O'Shaughnessy argues Hitler not Goebbels was the prime mover in the propaganda regime of the Third Reich its editor and first author Under the Reich everything was a propaganda medium a building block of public consciousness from typography to communiqués to architecture to weapons design There were groups to initiate rumours and groups to spread graffiti Everything could be interrogated for its propaganda potential every surface inscribed with polemical meaning whether an enemy city's name an historical epic or the poster on a neighbourhood wall But Hitler was in no sense an innovator his ideas were always second hand Rather his expertise was as a packager fashioning from the accumulated mass of icons and ideas the historic debris the labyrinths and byways of the German mind a modern and brilliant political show articulated through deftly managed symbols and rituals The Reich would have been unthinkable without propaganda it would not have been the Reich *Hitler and America* Klaus P. Fischer,2011-05-26 In February 1942 barely two months after he had declared war on the United States Adolf Hitler praised America's great industrial achievements and admitted that Germany would need some time to catch up The Americans he said had shown the way in developing the most efficient methods of production especially in iron and coal which formed the basis of modern industrial civilization He also touted America's superiority in the field of transportation particularly the automobile He loved automobiles and saw in Henry Ford a great hero of the industrial age Hitler's personal train was even code named Amerika In *Hitler and America* historian Klaus P Fischer seeks to understand more deeply how Hitler viewed America the nation that was central to Germany's defeat He reveals Hitler's split minded image of America America and Amerika Hitler would loudly call the United States a feeble country while at the same time referring to it as an industrial colossus worthy of imitation Or he would belittle America in the vilest terms while at the same time looking at the latest photos from the United States watching American films and amusing himself with Mickey Mouse cartoons America was a place that Hitler admired for the can-do spirit of the American people which he attributed to their Nordic blood and envied for its enormous territorial size abundant resources and political power Amerika however was to Hitler a mongrel nation grown too rich too soon and governed by a capitalist elite with strong ties to the Jews Across the Atlantic President Franklin Delano Roosevelt had his own far more realistically grounded views of Hitler Fischer contrasts these with the misconceptions and misunderstandings that caused Hitler in the end to see only Amerika not America and led to his defeat [Hitler's Compromises](#) Nathan Stoltzfus,2016-07-12 History has focused on Hitler's use of charisma and terror asserting that the dictator made few concessions to maintain power Nathan Stoltzfus the award winning author of *Resistance of Heart* *Intermarriage* and the *Rosenstrasse Protest* in Germany challenges this notion assessing the surprisingly frequent tactical compromises Hitler made

in order to preempt hostility and win the German people's complete fealty As part of his strategy to secure a 1 000 year Reich Hitler sought to convince the German people to believe in Nazism so they would perpetuate it permanently and actively shun those who were out of step with society When widespread public dissent occurred at home which most often happened when policies conflicted with popular traditions or encroached on private life Hitler made careful calculations and acted strategically to maintain his popular image Extending from the 1920s to the regime's collapse this revealing history makes a powerful and original argument that will inspire a major rethinking of Hitler's rule

Interview with Hitler M. King, Adolf Hitler, 2016-07-29 206 Pages 500 Illustrations The following interview though obviously a fictional event accurately portrays what the ghost of Adolf Hitler would say in his defense if he could be interviewed today His answers to WCBC talk show host Ogre Winfield's questions are mostly based upon an extensive and careful reading of his writings and speeches from 1921-1945 as well as those of his inner circle and others who knew him and survived the war One is at liberty to reflexively dismiss the veracity or accuracy of Hitler's version of events if one so chooses However what cannot be disputed is this Hitler's responses to Ogre's questions truly represent what he would say if such an interview could take place Indeed some of Hitler's answers are direct quotes taken from his own speeches and writings So if Hitler's account does not please you take it up with him In regard to the fictional Ogre's reaction admittedly artistic license was taken there But as for the portrayal of Hitler's point of view there can be no dispute If such a made for TV event were possible it would surely be the most watched show in broadcast history You know you would watch it Now here is your chance Don't let the whimsical setting of Interview with Hitler distract you too much for this is utterly serious and scholarly history For a more in depth and fully sourced understanding of World War II The Bad War also by M S King is recommended as a companion book to Interview with Hitler Enjoy the show

Hitler Is No Fool (Classic Reprint) Karl Billinger,2015-07-14 Excerpt from Hitler Is No Fool Today after more than six years of feverish activities Nazi Germany is still a mystery to the man in the streets of America To him the Third Reich appears as a one man show He resents a social order built upon terror and fear and is indignant when he reads about Jewish pogroms threats of invasion and conquests of weak countries But he is at an utter loss to explain the miraculous career of the Austrian housepainter He might perhaps pity the German people But the longer he sees them ruled by a fool or a madman the more will his pity change into contempt the more will his feeling grow that the Germans after all deserve a Government which they apparently are not able or even willing to overthrow For this man in the street the present book is written It wants to acquaint him with the chief exponent of German fascism with his ideas and plans and moreover with the forces he represents The best way of doing it might still be to go back to the most authoritative source Hitler s own book The world would have been spared much guessing about the essence and aims of the National Socialist regime had it taken the trouble to study the Fuehrer s work carefully History has seldom offered the opportunity of learning from a dictator himself his most guarded designs before he has been able to carry them out But how are we to know that Hider who has told so many lies broken so many promises and violated so many solemn treaties did not veil and distort the truth in his book About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Hitler** R.
