**Instagram Secrets** Alexander Vinci, 2021-09-04 Do you want to know how Instagram really works and what mindset you must have to succeed in this platform If you just starting reading through this guide and are thinking that your business isn t an eCommerce business and so Instagram isn t the place for you think again Remember the key proposition that Instagram brings is visualization Consider these examples 1 You re a real estate agent and want to highlight the newest mountain home that you have on the market 2 You are a world class hospital that just released a new mother s ward with beautiful birthing and stay suites with a spa like feel 3 You re a restaurant owner and want to highlight your savory and mouthwatering specials each week The above examples are all situations where nothing is actually being transacted online but the business is building brand awareness and drumming up interest so that the consumer will visit their website or pick up the phone to learn more The mysterious Instagram algorithm While we ll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram s back end technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won t care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn t logged in for a while they won t have to scroll through outdated and no longer relevant posts They ll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the

customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company's registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book [Influencer](#) Brittany Hennessy, 2018-07-31 I highly advise anyone who has an interest in life online to get this book sit down and take notes because you're going to want to hear what Brittany has to say Iskra Lawrence Aerie Model and Instagram star iskra If you've ever scrolled through your Instagram feed and thought I wear clothes eat avocado toast and like sunsets why can't someone pay me to live my best life this book is for you Every one of your favorite influencers started with zero followers and had to make a lot of mistakes to get where they are today earning more money each year than their parents made in the last decade But to become a top creator you need to understand the strategies behind the Insta-ready lifestyle As nightlife blogger then social media strategist and now Senior Director of Influencer Strategy and Talent Partnerships at Hearst Magazines Digital Media Brittany Hennessy has seen the role of influencers evolve and expand into something that few could have imagined when social media first emerged She has unrivaled insight into where the branded content industry was where it is and where it's going In this book she'll reveal how to Build an audience and keep them engaged Package your brand and pitch your favorite companies Monetize your influence and figure out how much to charge Plus tips on Landing an agent Getting on the radar of your favorite sites Praising a brand without alienating their competitors Whether you're just starting out or you're ready for bigger campaigns Hennessy guides you through core influencer principles From creating content worth double tapping and using hashtags to get discovered to understanding FTC rules and delivering metrics she'll show you how to elevate your profile embrace your edge and make money all while doing what you love [Social Media Marketing 2020](#) Chase Barlow, 2020-05-04 If you have always wanted to use social media for your marketing purposes but have always felt lost then keep reading Are you sick and tired of not being able to use the world's most valuable marketing platforms Do you want to say goodbye to throwing away money in ineffective marketing plans and discover something that works for you If so then you've come to the right place Two manuscripts in one book Social Media Marketing An Essential Guide to Building a Brand Using Facebook YouTube Instagram Snapchat and Twitter Including Tips on Personal Branding Advertising and Using Influencers Instagram Marketing Unlock the Secrets to Using this Social Media Platform for Personal Branding Growing Your Small Business and Connecting with Influencers Who Will Grow Your Brand Making social media work for your marketing purposes does not have to be difficult even if you've tried to hire a social media specialist who
