**Russian Nazi Troll Bots!** Eric W. Saeger, 2018-08-24 It s beyond dispute that trolls and automated bots helped Donald Trump win the White House in 2016 Some of the troll operations involved were based in Russia but domestic interests also participated in the invasion In fact trolls of all types from all corners of the internet came together in a perfect storm of propaganda disinformation and political dissent The confusion wrought by the multi pronged troll invasion still affects our online spaces today leaving many questions unanswered Who are the trolls What do they want How do they operate Why couldn t our intelligence agencies put a stop to Russian and right wing trolling Can trolling be stopped And what s with all the freakin Nazis One thing is certain the troll invasions wouldn t have succeeded if America hadn t been divided on many pressing issues Deep cultural woes such as racism our New

Generation Gap and the slow destruction of the middle class were part of the toxic environment that allowed trolls to flourish. This book, the first from software expert award-winning internet troll and long-time underground culture fixture Eric Saeger, examines all these issues with an impartial eye. The limitations and realities of current technology are explained in clear, simple language, revealing the tactics of everyday trolls and describing how future technology promises to make the internet a safe, livable place for everyone. Most important of all, along the way, you'll see the humor in our dire but salvageable situation. Once we understand the invaders, we'll no longer fear them.

**RUSSIAN NAZI TROLL BOTS** **Innovation Sucks!** Alan Watkins, Simon May, 2021-03-14. Businesses spend billions on innovation with very little to show for their investment or effort. This book challenges some of the ingrained truths of innovation and suggests a different approach. Innovation is not the creation of a novel idea. It is the successful commercialisation of that novel idea. Rather than starting with a costly, time-consuming problem assessment that seeks to push potential solutions through an innovation funnel, an impeller approach starts with possible solutions and gets the market to pull the best ones forward so they can fail fast or flourish fast. This approach is made possible by the addition of a new type of integrative thinker who can harvest the existing knowledge from the meadow of experts. Completely reversing the innovation process means organisations are much better placed to win in the market rather than focusing on finding theoretical solutions or clearing innovation stage gates. In addition, this approach also recognises that the people who shepherd the solution through the ideation and testing stage are not the same people who must then take that solution to market for successful commercialisation. Given the current innovation failure rate coupled with the fact that society is beset with multiple wicked problems, it's time to think differently and innovate innovation itself. This book is essential reading for Heads of Innovation and Commercialisation, Directors of Marketing, Heads of New Product Development and New Service Development Strategy, Directors, Chief Technology Officers, Government advisers and policy makers.

**Streampunks** Robert Kyncl, Maany Peyvan, 2017-09-05. An entertainment and tech insider, YouTube's chief business officer delivers the first detailed account of the rise of YouTube, the creative minds who have capitalized on it to become pop culture stars, and how streaming video is revolutionizing the media world. In the past ten years, the internet video platform YouTube has changed media and entertainment as profoundly as the invention of film, radio, and television did more than six decades earlier. Streampunks is a firsthand account of this upstart company, examining how it evolved and where it will take us next. Sharing behind-the-scenes stories of YouTube's most influential stars, Streampunks like Tyler Oakley, Lilly Singh, and Casey Neistat, and the dealmakers brokering the future of entertainment like Scooter Braun and Shane Smith, Robert Kyncl uses his experiences at three of the most innovative media companies, HBO, Netflix, and YouTube, to tell the story of streaming video and this modern pop culture juggernaut. Collaborating with Google speechwriter Maany Peyvan, Kyncl explains how the new rules of entertainment are being written and how and why the media landscape is radically changing while giving aspiring Streampunks some necessary advice to launch their own new media careers. Kyncl persuasively argues

that despite concerns about technology impoverishing artists or undermining artistic quality the new media revolution is actually fueling a creative boom and leading to more compelling diverse and immersive content Enlightening surprising and thoroughly entertaining StreamPunks is a revelatory ride through the new media rebellion that is reshaping our world

**Complicit** Reah Bravo, 2024-06-18 A brave book that imbues MeToo era discourse with a fresh voice Kate Bolick New York Times bestselling author this is a thoroughly researched and deeply personal examination of how women unintentionally condone workplace abuse and what we can do to change things for the better When Reah Bravo began working at the Charlie Rose show the open secret of Rose's conduct towards women didn't deter her from pursuing a position she thought could launch her career in broadcast journalism She considered herself more than capable of handling any unprofessional behavior that might come her way But she soon learned a devastating truth we don't always react to abusive situations as we imagine we will When we live in a society where many feminist ideals are mainstream and women hold positions of power how is it possible that sexual misconduct remains prevalent When many employers mandate trainings to prevent harassment of all kinds why is workplace abuse still so rampant Weaving her own experience with those of other women and insights from experts Bravo reveals the psychological and cultural forces that make us all enablers of a sexist and dangerous status quo At a critical time in the ongoing fight for gender and racial justice Bravo has written an empathic and concise book that will inspire the next generation of voices courageous enough to rage against the machine Rebecca Carroll author of *Surviving the White Gaze* *The Hype Handbook: 12 Indispensable Success Secrets From the World's Greatest Propagandists, Self-Promoters, Cult Leaders, Mischief Makers, and Boundary Breakers* Michael F. Schein, 2021-01-11 Master the art and science of using shameless propaganda for personal and social good Influencers have always deployed the power of hype to get what they want But never in history have people been so susceptible to propaganda and persuasion as they are now Hype truly runs our world Imagine if you could generate and leverage hype for positive purposes like legitimate business success helping people or effecting positive change in your community Michael F Schein teaches you how In *The Hype Handbook* the notorious marketing guru provides 12 fundamental strategies for creating and leveraging hype for good including ways to Attract attention from people that matter Create a community of acolytes to further your cause Create an atmosphere of curiosity and intrigue Sell your message with the skill of master Create a step by step manifesto Citing the latest research in psychology sociology and neuroscience Schein breaks the concept of hype down into a simple set of strategies skills and techniques and illustrates his methods through stories of the world's most effective hype artists including American propagandist Edward Bernays Alice Cooper manager Shep Gordon celebrity preacher Aimee Semple McPherson Spartan Race founder Joe De Sena and digital guru Gary Vaynerchuk Whatever your temperament education budget background or natural ability *The Hype Handbook* delivers everything you need to apply the most powerful tools of persuasion for personal and business success Good Future Leadership as a new leadership style in Purpose Driven
