Being at Work Mark Cole, 2025-11-18 This thought provoking and ground breaking book offers a way for us all to consider our experience of being at work and of the nature of working life Written in an engaging and accessible style it presents the practical means by which to apply central features of existentialism to make sense of how we relate to work and the workplace These include topics such as freedom and choice looking for purpose and making meaning and authenticity We spend a great deal of time at work and being at work is often a

challenge Reference to the past in a corporate context tends to see it as a graveyard for errors and failures the future is something articulated by senior leaders and the place to which we are expected to travel in terms of their definition The specious present is the place where we experience our being in the moment the location where we do our work but it is rarely acknowledged in the places where we work This book offers new insights into how we can all meaningfully live our lives in the context of the world of work To do this it offers a personalised understanding of the existentialist way of philosophising It looks to simplify complex concepts in order to offer the reader a different way of thinking about the time that they spend at work and how they might consider different and more positive ways of being in such an environment It recognises that we spend a considerable amount of our life in the workplace and so argues that we need to consider that and find ways in which to make that experience personally meaningful Where other practices designed to help people to make sense of their actual experience are introspective existentialism is reflexive and active Similarly where those other approaches are deeply individualistic existentialism constantly reminds us that our choices are undertaken in relation to others and that they have a collective implication Whether you are keen to make sense of your experience of workplace and what it means to be a human being in that context or looking to explore how you embrace the challenges of being a leader in business this book will offer you rich perspectives for sense making and ways of rethinking your presence at work

Organizational Behavior Adebowale Akande,2025-07-01 This volume presents the complex dynamics of organizational behavior It sheds light on the interplay between working relationships leadership management and political influence offering fresh insights into how these elements shape organizational culture and performance Leaders and managers will gain valuable strategies for navigating power structures and interpersonal relationships while employees will find guidance on advancing their careers through strategic political awareness Topics such as group behavior diversity and inclusion cultural and emotional intelligence and ethical decision making are thoroughly examined Each chapter is designed for clarity and emphasizes practical application By doing so the volume equips readers with the skills to implement effective strategies in the workplace The book further provides a better understanding of organizational behavior and enables readers to drive positive change in the workplace By blending theory with actionable insights the book will appeal to students academics and professionals alike interested in learning how to address real world challenges *The Truth about Transformation* Kevin Novak,2023-07-22 Any organization that seeks transformation desires to take advantage of new opportunities and growth Most organizations turn to technology as the major driver of change But technology is an enabler not a silver bullet Mistaking technology for transformation will lead an organization to failure True transformative change requires an understanding of the human factors at play how conscious and subconscious behaviors can derail any plan and how society is influencing your organization Change is the only constant An evolving reality is emerging one that will fundamentally change who we are how we work and how organizations will be relevant today and in the future The truth about transformation is

not what you may think This guide to organizational transformation will surprise confound provoke and challenge every ingrained belief The future is out there and the truth about transformation will change how you lead *Multidisciplinary Research Area in Arts, Science & Commerce (Volume-5)* Chief Editor- Biplab Audhya, Editor- Dr. Rinki Mishra, Dr. Rajeshwari Ullagaddi, Dr. Ruma Bhadauria, Dr. Aakriti Rath, Dr. N.V.
