Discourse Power And Justice Towards A New Sociology Of Improvement:

Discourse Power and Justice Michael Adler, Brian Longhurst, 2002-03-11 First Published in 1994 Discourse Power and Justice is a distinctive and theoretically informed empirical study of the administration of the Scottish prison system It is based on extensive research and combines theoretical innovation with detailed empirical evidence The book is located at the confluence of two academic traditions and their associated literatures socio legal studies and the sociology of knowledge which are combined to produce a novel theoretical framework The authors focus on the activities of those who manage the prison system They identify the most important social actors in the prison system located both historically and comparatively and examine their characteristic forms of discourse A number of crucial areas of decision making are analysed in depth including decisions about the initial classification of prisoners transfers between establishments and the allocation of prisoners to different forms of work Another major focus is on the different forms and mechanisms of accountability and the book concludes with an analysis of recent policy changes Discourse Power and Justice will be essential reading for both students and practitioners in sociology social policy criminology and law **Socio-Legal Generation** Sharon Cowan, Simon Halliday, 2024-09-28 This book honors the diverse and path breaking work of Michael Adler a pioneer of socio legal scholarship in the UK The book brings together an international group of scholars established and emerging researchers from across the globe to develop key ideas generated by Adler s scholarship Building on his rich portfolio of creative work at the interface of law and social science the book explores themes that continue to resonate in contemporary debates about how best to understand the relationship between justice fairness and the modern administrative state Specifically the book re examines core issues which Adler as a key figure of the first generation of UK socio legal scholars explored including the relationship between official discretion and the rule of law the justice of internal administrative processes the importance of a bottom up perspective on justice power and accountability in the prison sector access to justice for social welfare claimants and the promise of viewing law through the lens of social science Subject Guide to Books in Print ,1997 **Books in Print Supplement** ,2002 **Forthcoming Books** Rose Arny, 2003-04 **Imprisonment** John Muncie, 1991 **Books in Print** ,1994 Paradox and the School Leader Chris Dolan, 2020-03-24 This book proposes that paradox as a theoretically rich and historically enduring concept has significant potential for researchers in the field of critical leadership studies By enriching its general form and infusing it with added complexity and theoretical influence it is argued that paradox can be legitimately applied as a lens for examining and as a pedagogy for realising new learning possibilities The book takes paradoxes as formed out of the constitutive practices of discourse rather than as representations of conflict or complexity Using fifteen paradoxes derived from theoretical and empirical analysis it provides insights into the competing forces that contradict simplistic positivist accounts of contemporary school leadership and reveal the presence of a political struggle for the soul of the principal in the neoliberal era It considers these paradoxes in three categories 1 principal subjectivity and

authority 2 neoliberal policy and 3 managerial practice The book advocates critique counter conduct and agonistic thought and practice as resources for principals participating in such a struggle and employs Foucault's care of the self and practices of freedom to promote more active involvement of principals in authoring their ethical and political selves The British National Bibliography Arthur James Wells, 2006 Subject Guide to Children's Books in Print 1997 Bowker Editorial Staff, R R Bowker Publishing, 1996-09

The Intermediary in the Criminal Justice System John Taggart, 2025-07-25 This book undertakes a sociolegal examination of the intermediary role within the criminal justice system The intermediary special measure is one of the most innovative and controversial developments in the history of English criminal procedure But what does the role actually involve That is the central question explored in this book Despite increased academic attention into this new criminal justice actor the content of the intermediary role remains unclear Based centrally on empirical data gathered in England and Wales and Northern Ireland but also drawing upon comparative material from other jurisdictions the book examines how those executing the intermediary role understand its work and how other criminal justice actors perceive it The book then uses this as the basis for generating a theory of the intermediary role and its scope and content It also considers the future of the role and its integration into the criminal justice system This book will appeal to those researching and studying in the areas of sociolegal studies criminal law and criminology as well as lawyers judges intermediaries and policy makers working in relevant areas

Theorising Identity and Subjectivity in Educational Leadership Research Richard Niesche, Amanda Heffernan, 2020-03-11 Theorising Identity and Subjectivity in Educational Leadership Research brings together a range of international scholars to examine identity and subjectivities in educational leadership in new and original ways The chapters draw on a variety of approaches in theory and method to demonstrate the important new developments in understanding identity and subjectivity beyond the traditional ways of understanding and thinking about identity in the field of educational leadership The book highlights empirical theoretical and conceptual research that offers new ways of thinking about the work of educational leaders The authors take critical approaches to exploring the influences of gender race sexuality class power and discourse on the identity and subjectivity formation of educational leaders It provides global perspectives on educational leadership research and researchers and offer exciting new approaches to theorising and researching these issues This book will appeal to researchers students and professionals working in the fields of educational leadership and sociology and the chapters within offer readers new perspectives in understanding educational leaders their work and their identities
