DISCOURSE ON COLONIALISM. AIME. CESAIRE, 2018

Discourse on colonialism ,2007 DISCOURSE OF COLONIALISM. AIME. CESAIRE, 2013 Colonialist discourse in The Tempest: Fact or myth Jenny Roch, 2005-05-11 Seminar paper from the year 2005 in the subject Didactics for the subject English Literature Works grade 15 20 University of Glasgow Department of English Literature course Shakespeare module 11 University of Glasgow language English abstract Ever since its publication in 1609 The Tempest has been a hugely appreciated play most probably on account of its ability to satisfy everyone s taste music and dancing action suspense comedy and love The Tempest has got it all But just as the play is enjoyable it is also complicated multilayered Recent criticism of the play especially since the 1950s has focused on the colonial discourse supposedly underlying the play Stephen Greenblatt for instance on the subject of Caliban argues that he is anything but a Noble Savage For James Smith he is one of the most obviously nightmarish figures in the play I have in the past six months seen two productions of The Tempest and never did it strike me as being a play infused with colonial discourse Although Shakespeare's interest in other cultures and exploring the exotic the other pervades the entire corpus of his work one should be careful about freely associating this curiosity of the unknown with colonial discourse whether deliberate or unintentional on Shakespeare's part or race writing In discussion of value Shakespeare is of course invariably treated as a special case having come to serve as something like the gold standard of English Literature Although this is a contestable statement in itself the aim of this essay is not to discuss the authority and reliability of Shakespeare as a playwright but to question the views which label The Tempest as a colonial post colonial proto colonial play There is no need to discuss the existence of othering in the play as this would be stating the

obvious Rather I would like to show that although many incidents in the play may invite a reader to a colonial reading of the text they can just as well be over interpretations and fall victim to a subjugation of a discourse foreign to Shakespeare s intentions Colonial Inventions Amar Wahab, 2010-02-19 This book situates its contemplation of the nineteenth century Trinidadian landscape in the context of an emerging sub field of Caribbean postcolonial studies by connecting the visual representation and indexing of colonial landscapes and peoples with the making of colonial power Emphasis is placed on three pivotal image catalogues which span the pre and post emancipation periods and which connect the projects of British slavery and indentureship The book unearths sketches paintings lithographs and engravings and analyzes them as central to the iconic framing and disciplining of colonized subjects tropical nature and the plantation landscape Focusing on the image works of British travellers Richard Bridgens and Charles Kingsley and Creole artist Michel Jean Cazabon the chapters consider how an aesthetic logic was not only illustrative but constitutive of racialized and gendered scripts of colonial landscapes nature and identity While these various strands of aesthetic reasoning reveal a seemingly coherent operation of colonial power they also register the very ambiguity of these disciplinary projects in moments of uncertainty regarding the amelioration of African slavery the emancipation of slavery and the highly contested project of Indian indentureship in the Caribbean The book reflects the dynamic instability of colonial inventive projects manifest in a period of experimental and troubled British rule that potentially frustrates any attempt to recover the truth of Caribbean colonial reality

Colonialism/Postcolonialism Ania Loomba, 2007-05-07 Highly acclaimed across academic disciplines and around the world Ania Loomba's Colonialism Postcolonialism has for many years been widely accepted as the essential introduction to this politically charged area of literary and cultural study **Joyce: Feminism / Post / Colonialism**, 2021-11-15 James Joyce is located between and constructed within two worlds the national and international the political and cultural systems of colonialism and postcolonialism Joyce's political project is to construct a postcolonial contra modernity to write the incommensurable differences of colonial postcolonial and gendered subjectivities and in doing so to reorient the axis of power and knowledge What Joyce dramatizes in his hybrid writing is the political and cultural remainder of imperial history or patriarchal canons a remainder that resists assimilation into the totalizing narratives of modernity Through this remainder of both politics and the psyche Joyce reveals how a minority culture can construct political and personal agency Joyce Feminism Post Colonialism edited by Ellen Carol Jones bears witness to the construction of that agency tracing the inscription of the racial and sexual other in colonial nationalist and postnational representations deciphering the history of the possible Contributors are Gregory Castle Gerald Doherty Enda Duffy James Fairhall Peter Hitchcock Ellen Carol Jones Ranjana Khanna Patrick McGee Marilyn Reizbaum Susan de Sola Rodstein Carol Shloss and David Spurr Milton's Imperial Epic John Martin Evans, 1996 Evans looks at the relationship between Milton's epic and the pervasive colonial discourse of Milton's time **Colonial Discourse/ Postcolonial Theory** Francis Barker, Peter Hulme, Margeret

Bhabha, France from 1851 to the Present Roger Célestin, Eliane Françoise DalMolin, 2007-08-15 A cultural history of France from a period of dominance in the mid 19th century to one of decline or crisis in the first few years of the third millennium The first part 1851 to 1944 explores developments ranging from the transformation of Paris and the appearance of the colonial empire to the construction of modern French society The second part of the book follows the crisis of French universalism or of the French exception from the end of World War II to the contemporary period in which the French model has been increasingly difficult to sustain in the face of globalization the Americanization of culture decolonization and multiculturalism among other developments *English and the Discourses of* Colonialism Alastair Pennycook, 2002-09-11 English and the Discourses of Colonialism opens with the British departure from Hong Kong marking the end of British colonialism Yet Alastair Pennycook argues that this dramatic exit masks the crucial issue that the traces left by colonialism run deep This challenging and provocative book looks particularly at English English language teaching and colonialism It reveals how the practice of colonialism permeated the cultures and discourses of both the colonial and colonized nations the effects of which are still evident today Pennycook explores the extent to which English is as commonly assumed a language of neutrality and global communication and to what extent it is by contrast a language laden with meanings and still weighed down with colonial discourses that have come to adhere to it Travel writing newspaper articles and popular books on English are all referred to as well as personal experiences and interviews with learners of English in India Malaysia China and Australia Pennycook concludes by appealing to postcolonial writing to create a politics of opposition and dislodge the discourses of colonialism from English Charles Mungoshi Maurice Taonezvi Vambe, Memory Consuming the Entrepreneurial City Anne Cronin, Kevin Hetherington, 2008-04-07 This collection offers a Chirere.2006 global perspective on the changing character of cities and the increasing importance that consumer culture plays in defining their symbolic economies Increasingly forms of spectacle have come to shape how cities are imagined and to influence their character and the practices through which we know them from advertising and the selling of real estate to youth cultural consumption practices and forms of entrepreneurship to the regeneration of urban areas under the guise of the heritage

industry and the development of a WiFi landscape Using examples of cities such as New York Sydney Atlantic City Barcelona Rio de Janeiro Douala Liverpool San Juan Berlin and Harbin this book illustrates how image and practice have become entangled in the performance of the symbolic economy It also argues that it is not just how the urban present is being shaped in this way that is significant to the development of cities but also that a prominent feature of their development has been the spectacular imagining of the past as heritage and through regeneration Yet the ghosts that this conjures up in practice offer us a possible form of political unsettlement and alternative ways of viewing cities that is only just beginning to be explored Through this important collection by some of the leading analysts of consumption cities and space Consuming the Entrepreneurial City offers a cutting edge analysis of the ways in which cities are developing and the implications this has for their future It is essential reading for students of Urban Studies Geography Sociology Cultural Studies Heritage Studies and Anthropology <u>Decolonisation</u>, 2001 On the English education in India papers presented at a seminar The History of Continental Philosophy Alan D. Schrift, 2011-01-01 From Kant to Kierkegaard from Hegel to Heidegger continental philosophers have indelibly shaped the trajectory of Western thought since the eighteenth century Although much has been written about these monumental thinkers students and scholars lack a definitive guide to the entire scope of the continental tradition The most comprehensive reference work to date this eight volume History of Continental Philosophy will both encapsulate the subject and reorient our understanding of it Beginning with an overview of Kant's philosophy and its initial reception the History traces the evolution of continental philosophy through major figures as well as movements such as existentialism phenomenology hermeneutics and poststructuralism The final volume outlines the current state of the field bringing the work of both historical and modern thinkers to bear on such contemporary topics as feminism globalization and the environment Throughout the volumes examine important philosophical figures and developments in their historical political and cultural contexts The first reference of its kind A History of Continental Philosophy has been written and edited by internationally recognized experts with a commitment to explaining complex thinkers texts and movements in rigorous yet jargon free essays suitable for both undergraduates and seasoned specialists These volumes also elucidate ongoing debates about the nature of continental and analytic philosophy surveying the distinctive sometimes overlapping characteristics and approaches of each tradition Featuring helpful overviews of major topics and plotting road maps to their underlying contexts A History of Continental Philosophy is destined to be the resource of first and last resort for students and scholars alike
