

# Definition of History

The word 'History' entered the English language in 1390 with the meaning of "relation of incidents, story".

History (from Greek *historia*, meaning "inquiry, knowledge acquired by investigation") is the study of the human past. Scholars who write about history are called historians. It is a field of research which uses a narrative to examine and analyze the sequence of events, and it sometimes attempts to investigate objectively the patterns of cause and effect that determine events.
