Obsolete to Optimal: How AI can transform aging U.S. enterprise systems in Insurance and Retail 2025 AUTHOR:1 - Pratyosh Desaraju, AUTHOR:2 - Dr Rohit Kumar Sachan, PREFACE In an era defined by rapid technological change and increasing customer expectations, many of the enterprise systems that underpin the U.S. insurance and retail sectors find themselves at a crossroads. Built decades ago to handle today's challenges, these legacy platforms struggle under the weight of ever-growing data volumes, complex regulatory demands, and the onslaught of digitally savvy consumers. Yet within these very constraints lies extraordinary opportunity: the chance to transform the obsolete into the optimal by harnessing the power of artificial intelligence. Obsolete to Optimal was born from conversations with technology leaders, data scientists, and operations executives who shared a common refrain: "We know AI can help, but where do we start, and how do we avoid the pitfalls?" This book seeks to answer those questions by weaving together strategic insight, practical guidance, and real-world examples. Our goal is twofold: first, to demystify the process of embedding AI within aging infrastructures, and second, to show how this integration not only solves immediate operational challenges but also lays the groundwork for sustainable, future-proof growth. Throughout these pages, you will find a progression that mirrors the journey

every organization must undertake We begin by establishing why data modernization is not merely an IT upgrade but a business imperative From there we delve into the human element empowering employees to work alongside AI embracing new roles and cultivating a culture of continuous learning Sector specific chapters then illuminate how AI can revolutionize core functions from underwriting and claiming processing in insurance to inventory management and personalized marketing in retail No transformation is without its challenges We confront head on the technical hurdles of integrating AI with brittle legacy systems the organizational resistance that accompanies any major change and the ethical considerations that arise when machines make decisions that affect real people By offering frameworks for governance bias mitigation and transparent decision making we aim to equip leaders not only to deploy AI effectively but to do so responsibly Finally as we look toward 2030 we paint a vision of industries that have shed their outdated pasts and embraced an AI powered future one characterized by agility resilience and customer centric innovation Whether you are a C suite executive charting a digital strategy a technology professional tasked with implementation or an academic seeking to understand the practical contours of AI adoption this book is your guide It is my hope that by the final chapter you will see legacy systems not as obstacles but as ripe opportunities platforms ready to be upgraded enhanced and reinvigorated by intelligent automation May Obsolete to Optimal inspire you to embark on that transformation journey and may you find the insights here both actionable and enduring Authors Pratyosh Desraj Dr Rohit Kumar Sachan *Marketing with AI For Dummies* Shiv Singh,2024-10-01 Stay ahead in the marketing game by harnessing the power of artificial intelligence Marketing with AI For Dummies is your introduction to the revolution that s occurring in the marketing industry thanks to artificial intelligence tools that can create text images audio video websites and beyond This book captures the insight of leading marketing executive Shiv Singh on how AI will change marketing helping new and experienced marketers tackle AI marketing plans content creative assets and localized campaigns You ll also learn to manage SEO and customer personalization with powerful new technologies Peek at the inner workings of AI marketing tools to see how you can best leverage their capabilities Identify customers create content customize outreach and personalize customer experience with AI Consider how your team department or organization can be retooled to thrive in an AI enabled world Learn from valuable case studies that show how large organizations are using AI in their campaigns This easy to understand Dummies guide is perfect for marketers at all levels as well as those who only wear a marketing hat occasionally Whatever your professional background Marketing with AI For Dummies will usher you into the future of marketing *Artificial Intelligence for Strategic Communication* Karen E.
