Reader's Guide to Judaism Michael Terry, 2013-12-02 The Reader's Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition. The field is assessed in some 470 essays discussing individuals, Martin Buber, Gluckel of Hameln, literature, Genesis, Ladino, Literature, thought and beliefs, Holiness, Bioethics, practice, Dietary Laws, Passover, history, Venice, Baghdadi Jews of India, and arts and material culture, Synagogue Architecture, Costume. The emphasis is on Judaism rather than on Jewish studies more broadly. *A Universal Art. Hebrew Grammar across Disciplines and Faiths* Nadia Vidro, Irene E. Zwiep, Judith Olszowy-Schlanger, 2014-06-05 A Universal Art: Hebrew Grammar Across Disciplines and Faiths reflects on medieval and early modern Hebrew linguistics as a discipline that crossed geographic and religious borders and linked up with a plethora of scholarly activities from Judaeo-Arabic Bible translations to the Renaissance search for the holiest alphabet. This collection of articles presents a cross-section of new research avenues on Hebraism, Karaite, Rabbanite, and Christian, with an emphasis on the transmission of linguistic ideas through time and space among different communities, cultures, and religious currents. The resulting picture is one of intrinsic variation and dynamic growth as opposed to the linear paradigm of development, culmination, and stagnation current in the historiography of Hebrew linguistics. David Kimhi's Hebrew grammar David Kimhi, William Chomsky, 1952 **Mother of Reason and Revelation** Irene Zwiep, 2023-03-20 This book presents a first inventory of Medieval Jewish linguistic thinking covering the period from Sa'adya Gaon to Profiat Duran. The author claims that the Hebrew grammatical tradition itself contains but vague reminiscences of actual linguistic thinking. However, contemporary philosophical treatises, exegetical works, and scientific encyclopedias of Rabbanite and Karaite provenance provide these reminiscences with a general theoretical background. **Mediterranean Contaminations** Giuliano Mion, 2020-08-10 No detailed description available for Mediterranean Contaminations. People of the Image Marc Michael Epstein, 2025-06-24 The Middle Ages provide us with one of the richest repositories of art in the West. Yet the rise in the production of art made for and by Jews, especially in the form of illuminated manuscripts, is often neglected in general surveys or viewed as a mere emulation of Christian art during this period. In *People of the Image*, Marc Michael Epstein demonstrates how medieval Jews transformed their visual art into a vital site of critical commentary. Through bold speculation and radical interpretation, Epstein considers how viewers might have empathized with depicted emotions, how they envisioned the relationship between the monstrous and the human, and

how they could effectively perpetrate subversive acts merely by anticipating what might occur next in a given image were it to be set in motion Examining these artworks and imagining the circumstances of their production and reception Epstein uncovers otherwise inaccessible social political and theological perceptions among Europe s major medieval minority He goes on to illuminate the afterlives of medieval Jewish art in its reimaginings by postmodern Jews struggling to establish a conceptual as well as a political space for themselves as a minority in majority Christian society Bringing together diverse currents from various fields and bodies of literature *People of the Image* reveals how medieval Jews understood themselves the world and God Provocative and engagingly written the book will appeal to audiences across medieval studies cultural studies art history and Jewish studies

Finding Beauty in the Bible Robert D. Miller, 2023-08-31 We approach Raphael s *Agony in the Garden* or Fra Angelico s *Crucifixion* for their beauty and not primarily to learn about fifteenth century fashion or even to decode the iconography Yet the many books on the *Song of Songs* whether they try to read the book as an ancient Near Eastern love song or a Christian allegory miss the main point of this book its aesthetic elements Aesthetics is the appreciation of beauty Aesthetics examines literary form as a response to content the way poetics works with contents the use of loaded semantic terms even the sound created by words and what cognitive science tells us it does to listeners This book uses the commentary format to accompany an individual s reading of the *Song of Songs* focusing on these neglected aspects of the text It both reads the book as it is meant to be read and opens up a new vista on this magnificent biblical text
